

TEAM LEADERS' GUIDE

Boxing

About this Team Leaders' Guide

Published in May 2021, the series of Team Leaders' Guides offer a summary of competition-related material about each sport at Tokyo 2020 and provide a variety of information aimed at helping teams in their planning and preparation for the Games.

All information provided in this Team Leaders' Guide was correct at the time of publication, but some details may change prior to the Games so NOC representatives are urged to regularly check the IOC's NOCnet and Tokyo 2020 Connect for the latest updates or contact your respective Tokyo 2020 sport managers.

Detailed additional documents such as Sport Specific Regulations, Sport Specific COVID-19 Countermeasures and Testing Frequency will be published on Tokyo 2020 Connect alongside the respective Team Leaders' Guides. This information has been developed and approved by the IOC, International Federations and Tokyo 2020 competition management and will be updated as required leading up to the Games.

The Team Leaders' Guides are designed for internal operational use by Tokyo 2020 stakeholders and should not be publicly shared.

WELCOME

On behalf of the Tokyo Organising Committee of the Olympic and Paralympic Games, I am delighted to present the Boxing Team Leaders' Guide for the Games of the XXXII Olympiad. We have been working diligently to provide facilities, services and procedures which will allow everyone involved in the Games to safely achieve all three of Tokyo 2020's core concepts: achieving personal bests, unity in diversity, and connecting to tomorrow.

Included is information about:

- processes relating to competition and training
- key dates and personnel
- competition format and rules
- venue facilities and services, including maps
- information about COVID-19 protocols, heat countermeasures, accreditation, accommodation, Games-time medical services, doping control, etc.

This guide was produced in cooperation with the Boxing Task Force (BTF) and IOC Sport, and we trust it will assist you with your planning for the Olympic Games Tokyo 2020. If you require any additional information that is not found in this guide, do not hesitate to check Tokyo 2020 Connect or contact your respective Tokyo 2020 sport manager. Games-time information will also be available at the Sport Information Centre in the Olympic Village and Sport Information Desks at competition venues.

Please rest assured that the Olympic flame will not go out and will continue to burn in our hearts until the Olympic Games Tokyo 2020 this summer.

We look forward to welcoming you all with our warm Japanese hospitality when you arrive in Tokyo in July 2021.

Kind regards,

小谷 実可子

KOTANI Mikako

Sport Director, Tokyo 2020

FURUSAWA Naoya
Boxing Sport Manager, Tokyo 2020

naoya.furusawa@tokyo2020.jp

Furusawa Naoya has about 20 years of experience in the sport management area. After starting his career as an intern at the Japanese Olympic Committee, Furusawa went on to build his career in the International Relations division of the Japan Ski Association where he gained experience in various international sport events such as the FIS Ski World Cup, and the FIS Junior and Senior World Championships. In 2015 he joined the Tokyo 2020 and has been involved with the boxing project from the very beginning. After serving as services manager, he was promoted to the Boxing Sport Manager position in 2019.

Competition format

The Boxing competition in all weight categories will be run in a standard single-elimination format. The winners of the semifinals in each weight category will contest for the gold medal; the losers of each semifinal will be awarded bronze medals.

Draw

The draw will be conducted on Thursday 22 July 2021. Two representatives from each NOC will be invited to attend the draw.

Daily medical examination and weigh-in

The daily weigh-in will be conducted at the Team Processing Centre in the Olympic Village between 07:00 and 08:00. Athletes will be required to undergo a medical examination and weigh-in on each day they are scheduled to compete. Athletes will also undergo medical examinations immediately after each bout.

Rules

The Boxing competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

Event Regulations for the Olympic Boxing Qualifying Events and the Boxing Tournament at the Olympic Games Tokyo 2020

<https://boxing.athlete365.org/rules-and-references/>

The Olympic Charter

www.olympic.org/documents/olympic-charter

Duration and scoring

In accordance with the Event Regulations for the Olympic Boxing Qualifying Events and the Boxing Tournament at the Olympic Games 2020, all contests in the men and women's Boxing competition will consist of three rounds of three minutes each. In both men's and women's bouts, there will be a rest time of one minute between rounds.

A total of five independent judges placed around the ring score the fight and decide the winner after the allotted number of rounds. Judges are on the lookout for quality blows on target but also technique, tactics, competitiveness and dominance. Fights can end in case of knockout or the referee stops the contest as well. Referees may end a bout if they deem one of the opponents unfit to continue.

Late Athlete Replacement (LAR) - Boxing

LAR is not applicable for nominal sports. In case of withdrawal (only for justified reasons as per IOC LAR Policy), the reallocation process will be initiated provided that there is sufficient time to conclude the process prior to the start of competition.

Clothing and equipment

Clothing and equipment used by athletes and other participants in the Boxing competition must comply with the documents listed below:

Event Regulations for the Olympic Boxing Qualifying Events and the Boxing Tournament at the Olympic Games 2020

<https://boxing.athlete365.org/rules-and-references/>

The Olympic Charter

www.olympic.org/documents/olympic-charter - with particular reference to Rule 50: Advertising, Demonstrations, Propaganda and Bye-law to Rule 50

Guidelines Regarding Authorised Identifications for the Games of the XXXII Olympiad, Tokyo 2020
(distributed by the IOC to all NOCs)

The prohibition of any advertising and publicity in and above Olympic sites (as expressed in the Olympic Charter) is one of the aspects that differentiate the Olympic Games from other international events. This is reflected in particular in Bye-law to Rule 50 of the Olympic Charter as follows:

No form of publicity or propaganda, commercial or otherwise, may appear on persons, on sportswear, accessories or, more generally, on any article of clothing or equipment whatsoever worn or used by the athletes or other participants in the Olympic Games, except the identification [...] of the manufacturer of the article or equipment concerned, provided that such identification shall not be marked conspicuously for advertising purposes.

Placing the national and Olympic identity of athletes at the forefront helps to further distinguish the Olympic Games, whilst respecting the significant contribution that sporting goods manufacturers provide.

Pre-competition procedures

Sport Entry Check

DATE: 22 July 2021

TIME: 08:00 - 16:00

LOCATION: Team Processing Centre in the Olympic Village

There is no general weigh-in. All team managers are required to attend the sport entry check and are required to bring a sample of their competition kit, medical, passports, and non-pregnancy declaration for female athletes.

Technical meeting

DATE: 22 July 2021

TIME: 18:00 - 19:00

LOCATION: Kokugikan Arena

The meeting will be chaired by the IOC Boxing Task Force and should be attended by two representatives from each NOC.

Draw

DATE: 22 July 2021

TIME: 19:00 - 20:00

LOCATION: Kokugikan Arena

The draw will be held immediately after the technical meeting. It will be overseen by officials from the IOC Boxing Task Force. Two representatives from each NOC will be invited to attend the draw.

Daily medical examination, weigh-in and session pass distribution

DATE: 24 July 2021 to 8 August 2021

TIME: 07:00 - 08:00

LOCATION: Team Processing Centre in the Olympic Village

Athletes will be required to undergo a medical examination and weigh-in on each day that they are scheduled to box. The daily weigh-in will be conducted at the Olympic Village between 07:00 and 08:00. All athletes must bring their accreditation.

In order to access the changing rooms, the warm-up areas and the field of play for sessions in which they are competing, all athletes will require a session pass in addition to their accreditation documents. Session passes will be distributed to each athlete at the daily medical examination and weigh-in, in accordance with the daily competition schedule, and are valid for the designated session only.

Each athlete is entitled to four session passes, one for athletes and three for coaches, for each session in which they are competing. Athletes and team officials may not enter the changing rooms, the warm-up areas and the field of play during a session without a session pass. However, they may access the athletes' seating area with their standard accreditation documents.

Boxing equipment distribution

Hand wrapping equipment will be provided prior to the session. Gloves (and head guards for women) will be distributed at the competition venue on successful sign-off of hand wrapping by the Equipment Manager (ITO).

Competition procedures

Warm-up and call to competition

The warm-up areas will be available to athletes and coaches with the appropriate session pass. The time the athletes may enter the venue before the session is one hour and 25 minutes (85 minutes prior). Athletes will be called from the warm-up areas to the final call area approximately five minutes before their bout is due to start. The final call area is located next to the warm-up areas.

Accredited/team seating

There is a designated seating at the Kokugikan Arena for some sport athletes. The entrance to the team seating area is located on level two (L2). Seats will be allocated on a first-come, first-served basis. Non-competing athletes will use the same TA bus service as competing athletes.

Post-competition procedures

Mixed zone

The mixed zone for the Boxing competition is located at the field of play exit. Once a bout is finished, athletes will be escorted from the field of play via the mixed zone.

Post-bout medical examinations

All athletes are required to undergo a medical examination after each bout. After leaving the field of play via the mixed zone, they will be taken to the athletes' medical station for their medical examination.

3. VENUE

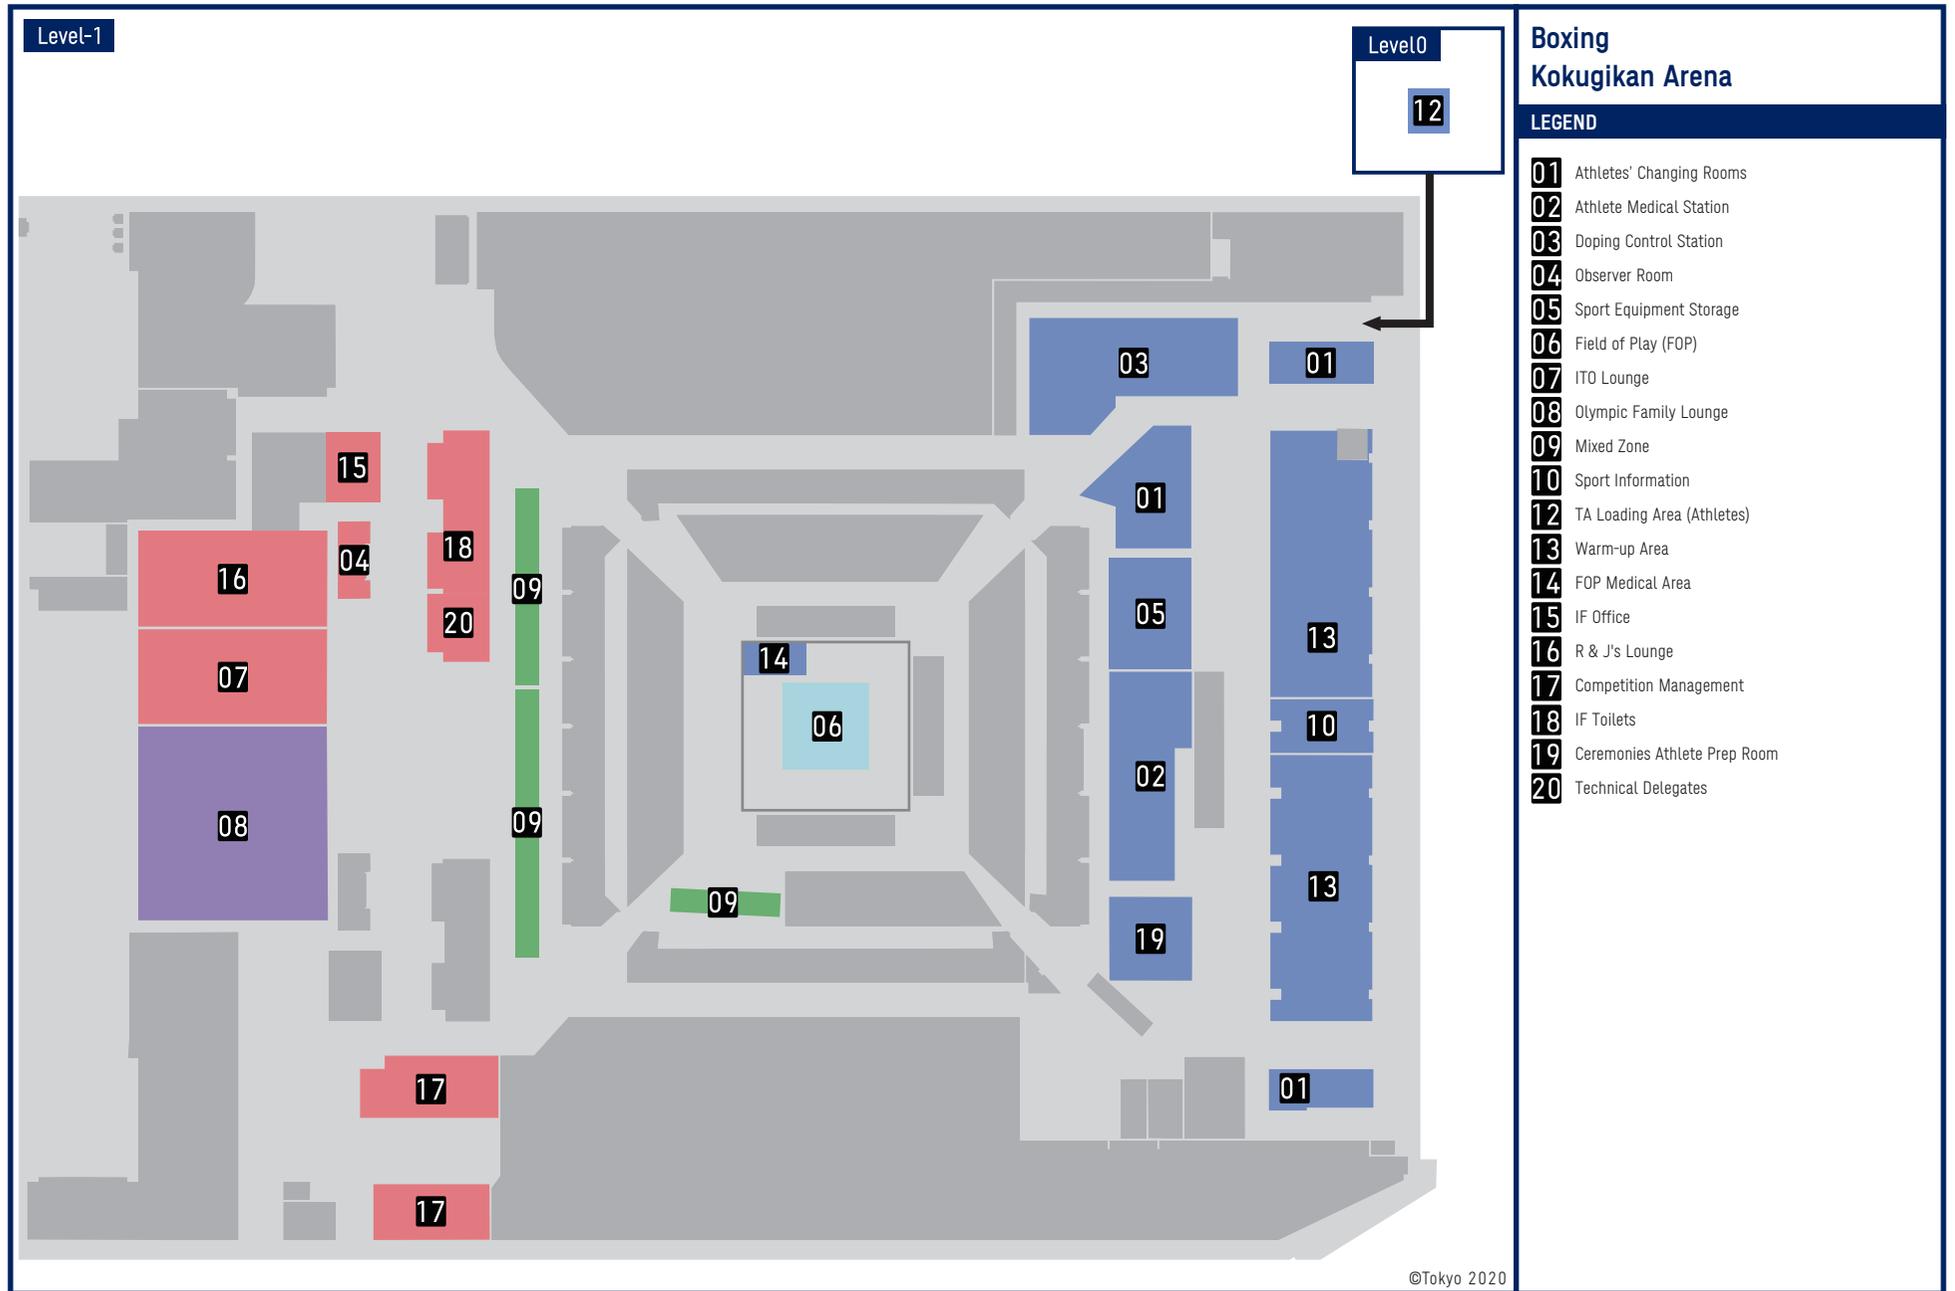

Key information

Kokugikan Arena

1-3-28 Yokoami
Sumida-ku Tokyo
Japan

Kokugikan Arena is regarded as the spiritual home for the sport of sumo in Japan. It is located in the Ryogoku area where the culture of sumo has its roots, but is also a highly renowned professional boxing venue which has hosted many title bouts.

Venue map

Venue access

Competing and spectating athletes will be dropped off at the TA athletes' load zone located on the east side of Kokugikan Arena. The venue will be open to athletes 85 minutes before the start of competition. On arrival at Kokugikan Arena, all competing athletes should proceed to the Athlete check-in desk located at the entrance to the warm-up area.

Venue transport

Time/distance from Olympic Village using Tokyo 2020 transport services: 27min/13km

Tokyo 2020 transport services will operate between the Olympic Village, Kokugikan Arena and the training venue Sumida City Gymnasium on all competition days and 22 July 2021 for the technical meeting and draw. The timetable will be available from the Transport desk at the Olympic Village.

TA services

Tokyo 2020 will provide a TA service between the Boxing competition and training venue on competition days. At the competition venue, the TA bus will pass through the security perimeter after undergoing a security check. In principle, athletes on TA buses do not have to pass through a PSA because of "clean-to-clean" transport, however, athletes on TA buses from the training venue to the competition venue will be required to pass through the PSA.

Field of play (FOP)

The competition venue will contain one field of play, a square of 400m² with a roped 'ring' of 6.1m inside the ropes positioned centrally within the square.

Venue facilities and services

Warm-up area

There are two warm-up areas (red and blue) located next to the field of play. Each of the warm-up areas will contain a ring and training equipment.

Changing rooms and showers

Separate changing rooms with showers for men and women are located on the same level as the warm-up areas.

Food and beverage

A refreshment station serving whole fruits, cold snacks, and Coca-Cola drinks is located in each warm-up area.

Mixed zone

A mixed zone where accredited media interview athletes after competition is located at the field of play exit.

Sport Information Desk (SID)

The SID will only be open during competition and will not be open outside of competition hours.

Medical services

The athletes' medical room is located on the first basement level, near the changing rooms. The athlete medical team at Kokugikan Arena will consist of at least one doctor and one physiotherapist, and a dentist.

Doping control station

The doping control station at Kokugikan Arena is located near the changing rooms.

Venue Accreditation Office (VAO)

4. TRAINING

Training venue

Sumida City Gymnasium

4-15-1 Kinshi
Sumida Tokyo
Japan

Time/distance from the Olympic Village using Tokyo 2020 transport services: 30min/15km

Training for the Boxing competition will take place at Sumida City Gymnasium, located a short distance from Kokugikan Arena. Sumida City Gymnasium will be open for training from 19 July 2021 at 08:00; after this date training will run between 08:00 and 21:00 until 7 August 2021. Boxing teams will have a dedicated area of the Sumida City Gymnasium which cannot be accessed by the general public. Teams will only be able to use the facilities provided by Tokyo 2020.

Please note that outdoor shoes cannot be worn inside the training venue. Athletes and teams should ensure they bring and change into indoor training shoes once they enter the training venue.

Training venue transport

Tokyo 2020 will provide transport between the Olympic Village and Sumida City Gymnasium between Monday 19 July to Sunday 7 August 2021. On Boxing competition days Tokyo 2020 transport services departing from the Olympic Village for Sumida City Gymnasium will stop at Kokugikan Arena en route to Sumida City Gymnasium. Return TA services departing Sumida City Gymnasium will stop at Kokugikan Arena en route to the Olympic Village. A full timetable will be available from the Transport desk at the Olympic Village.

TA services

Tokyo 2020 will provide a TA service between the Boxing competition and training venue on competition days. At the competition venue, the TA bus will pass through the security perimeter after undergoing a security check. In principle, athletes on TA buses do not have to pass through a PSA because of "clean-to-clean" transport, however, athletes on TA buses from the training venue to the competition venue will be required to pass through the PSA.

Training sessions

The Boxing training venue will be open from 08:00 on Monday 19 July 2021 until Saturday 7 August 2021. On the day of the Opening Ceremony on 23 July 2021 the training venue will open between 08:00 and 12:00.

There will be eight training areas, each including a ring, a mannequin and punching bags, available for one-hour training slots. Training allocations and the training schedule will be available at the Sport Information Centre (SIC) in the Olympic Village, and on Info.

Allocation of training sessions and change requests

Training sessions will be allocated to NOCs by Tokyo 2020 Boxing competition management. The updated training allocations and the training schedule will be available at the Sport Information Centre (SIC) in the Olympic Village, and on Info. NOCs can apply to change their session at the SIC no later than 14:00 on the day before the session. Requests for cancellations and changes received after 14:00 on the day before the session will not be accepted.

To apply for a different training session, coaches must complete an application form via Microsoft Forms or at the Boxing desk in the SIC. They must provide their NOC code and details of the assigned and requested training session. Coaches should also complete this form if they want a training session to be closed to the media.

Training facilities

The Boxing facilities at Sumida City Gymnasium will contain eight rings and have mannequins and punching bags on the third floor. Teams are encouraged to bring and use their own training equipment such as gloves, headgear, and focus mitts.

All training equipment will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

There is also a large sports area on the second floor that contains gym equipment, including treadmills and light weights. This area can be used at any time without bookings.

Reception desk

Two reception desks are located on the second and third floors of Sumida City Gymnasium. Tokyo 2020 volunteers will assist in guiding athletes to their changing rooms and correct training area. At this point, all members of the team will be asked to remove their outdoor shoes.

Athletes' Lounge

The Athletes' Lounge is located on the third floor of Sumida City Gymnasium. The lounge will have a refreshment station serving whole fruit, cold snacks, and Coca-Cola drinks.

Food and beverage

A refreshment station serving whole fruits, cold snacks, and Coca-Cola drinks will be provided in the Athletes' Lounge, which is located on the third floor.

Changing rooms and showers

Male changing rooms containing showers are located on the second floor. Female changing rooms containing showers are located on the third floor.

Sport equipment storage

The sport equipment room is located on the third floor.

Scales

There will be test scales located in the male and female changing rooms.

Medical services

A doctor and at least one nurse and one further Basic Life Support provider will be present at Sumida City Gymnasium during official training sessions to perform minor illness and injury management to athletes, team officials, technical officials and organise transfers to the designated Games hospitals or Olympic Village Polyclinic as necessary.

4. GENERAL INFORMATION

Tokyo and the Games

Tokyo 2020

Tokyo won the right to stage the Games of the XXXII Olympiad on 7 September 2013. The Tokyo Organising Committee of the Olympic and Paralympic Games (Tokyo 2020) is a private, not-for-profit sports association that was officially formed on 24 January 2014. Spearheaded by Hashimoto Seiko as president, the organising committee is composed of members from various organisations including the Japanese Olympic Committee (JOC), Japanese Paralympic Committee (JPC), Tokyo Metropolitan Government (TMG) and the national government of Japan. Tokyo 2020 was assigned its mission by the International Olympic Committee (IOC) and International Paralympic Committee (IPC) and must follow their guidance, the Host City Contract, the Olympic Charter, the IPC Handbook, World Anti-Doping Agency (WADA) regulations and Japanese law. Tokyo 2020 works in cooperation with Olympic and Paralympic Worldwide Partners, Gold Partners, Official Partners and Official Supporters.

Tokyo, then and now

Tokyo is a city with 400 years of history and tradition. Ever since the Edo Shogunate was established in 1603 it has developed as the centre of politics in Japan and at the beginning of the 18th century, it became one of the world's largest cities with a population of over 1 million people. After the Meiji Restoration, Tokyo became the capital of Japan. Although it was reduced to ashes twice; first by the Great Kanto Earthquake of 1923 and then by the bombings of the World War II, it was always able to rebuild itself and has continued to evolve. Tokyo maintains excellent public safety and a high-quality living environment. While the city disseminates cutting-edge technologies and new culture and trends such as anime and fashion to the world, the chic culture of Edo is still very much alive. Such a unique blend of tradition and sophistication is the allure of Tokyo. The city has many faces - if you leave the centre with its rows of skyscrapers and visit the suburbs, you will find beautiful scenery abundant with greenery and water. The islands in the Pacific Ocean, particularly the Ogasawara Islands which were added to UNESCO's World Heritage List in 2011, are yet another face of Tokyo.

©Tokyo Metropolitan Government

Climate

Tokyo has a humid subtropical climate with warm, wet summers. From late July to early September, the average daily high is 29.2-31.1 degrees Celsius (84.6-88.0 degrees Fahrenheit) and the average low is 21.8-23.3 degrees Celsius (71.2-73.9 degrees Fahrenheit), with relative humidity ranging from approximately 60 per cent to approximately 80 per cent. The average monthly rainfall during August is 168 millimetres. Earthquakes perceptible to most people walking or stronger are rare, occurring on average less than once a year between 1998 and 2017 in Tokyo. For more extensive information please refer to the 'Climate and Weather Guide for Tokyo 2020 Olympic and Paralympic Games' on Tokyo 2020 Connect.

The city's Olympic heritage

On 10 October 1964, the Games of the XVIII Olympiad began with the Opening Ceremony at Kasumigaoka National Stadium after which 5,133 athletes from 93 nations and regions demonstrated their exceptional abilities in 163 events across 20 sporting competitions. It was the first ever Olympic Games held in Asia and was an enormous success. In conjunction with this momentous event, Tokyo experienced dramatic development from its post-war infrastructure, including the construction of the Metropolitan Expressway and the Tokaido Shinkansen railway (the original "bullet train"). This type of major progress in its capital served as a stepping-stone for an era of rapid economic growth in Japan and demonstrated to the world its miraculous restoration.

Tokyo will become the first city to host the Paralympic Games for the second time and the Games will serve as a wonderful opportunity to embrace diversity. People from all over the world, with and without impairments, will gather in Tokyo. The Tokyo 2020 Paralympic Games will enable many people to witness the dynamic and breath-taking performances of the Para athletes, gain a real understanding of the rights and dignity of all people, and serve as a catalyst for Japan to become a fully-inclusive society.

Competition venues

Many existing venues will be used for the Tokyo 2020 Games including several legacy venues from the Tokyo 1964 Games. A total of 42 venues in Tokyo and around Japan will be used for the 2020 Games.

Tokyo 2020 venues are separated into three zones- Tokyo Bay Zone, Heritage Zone and Regional Zone. Tokyo Bay and Heritage Zones demonstrate our vision for the future, as well as the importance of respecting the legacy of the Olympic Games Tokyo 1964. The two connected zones appear on the map as an infinity symbol, which exemplifies Tokyo's infinite passion for athletes and sports and infinite potential to reach out to young people around the world. Tokyo 2020 will be the Games with "Infinite Excitement".

The Olympic and Paralympic Village is located right in the centre of these two zones, symbolising the place of the athletes at the heart of the Tokyo 2020 Games.

The Regional Zone comprises of 16 venues across the length and breadth of Japan, from as far north as Sapporo to as far south as Izu peninsula in Shizuoka. These regional venues bring the Olympic and Paralympic Games Tokyo 2020 to areas of Japan that have never before experienced international sporting events, in the hope of creating unforgettable memories, reactivating tourism and local economies and leaving behind a rich sporting legacy for those outside of the greater Tokyo area.

With almost 60 per cent of the venues utilising existing facilities, Tokyo 2020 has embraced the Olympic Agenda 2020 to create a sustainable legacy for Japan's Olympic and Paralympic Games venues, while minimising construction costs. The existing venues, including some inherited from the Tokyo 1964 Games, have been modernised and refurbished to allow their legacy to be passed onto future generations. The new permanent venues herald a fresh, new legacy, bringing new facilities to the city centre. Last but not least, the temporary venues will be located in spectacular settings, offering incredible backdrops for athletes, spectators and broadcasters alike.

Hosted in one of the world's most exciting and innovative cities, which is home to some 35 million people, the Tokyo 2020 Games will fully integrate into Tokyo city life, and the whole city will act as an Olympic park, providing a festive and celebratory atmosphere that engages and inspires spectators far and wide.

Arrivals and Departures

Arrival and Departure Services

The following four airports will be used as the official ports of entry for the Olympic Games Tokyo 2020:

- Narita International Airport (NRT), Tokyo
- Tokyo (Haneda) International Airport (HND), Tokyo
- New Chitose Airport (CTS), Hokkaido
- Sendai Airport (SDJ), Miyagi Prefecture

A full range of services, including accreditation validation, quarantine, dedicated immigration lanes and customs will be available at NRT and HND from 1 July to 11 August 2021. Please note that services will vary depending on the period. Accreditation validation services will be delivered only at the international terminals of HND and at international part of Terminal 1 and 2 in NRT.

Arrival transport services will be delivered from 13 July to 11 August 2021 at NRT and HND.

Arrival and departure services, and arrival transport services, will be provided from 13 July to 9 August 2021 at CTS, and from 13 July to 1 August 2021 at SDJ.

Accreditation validation services will not be delivered at CTS and SDJ.

Services Period

| Airport | Airport Services | Transport Services | Accreditation Services |
|--------------------------------------------|-------------------------|-------------------------|------------------------|
| Narita International Airport (NRT) | 1 July - 11 August 2021 | TBD | 1 July - 8 August 2021 |
| Tokyo (Haneda) International Airport (HND) | 1 July – 11 August 2021 | TBD | 1 July – 8 August 2021 |
| New Chitose Airport (CTS) | 13 July – 9 August 2021 | 13 July – 9 August 2021 | N/A |
| Sendai Airport (SDJ) | 13 July – 1 August 2021 | 13 July – 1 August 2021 | N/A |

Accreditation

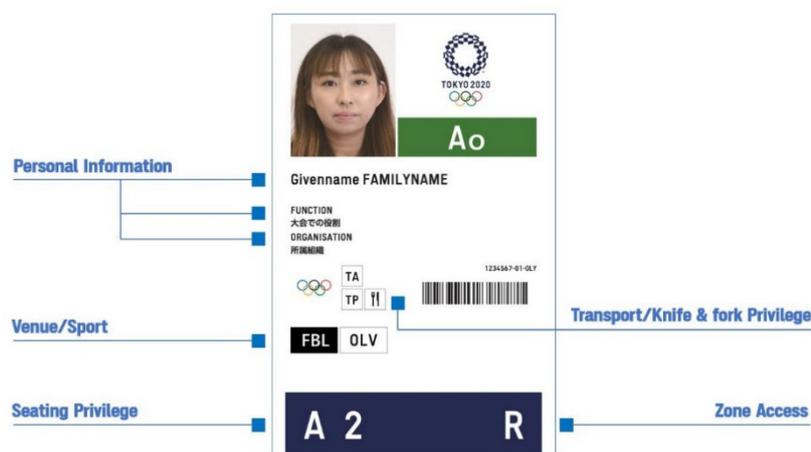

Accreditation

The Olympic Identity and Accreditation Card (OIAC) is the official document that identifies each person participating in the Olympic Games, and ensures they are granted appropriate access to Games venues to fulfil their roles. The accreditation process also ensures that Games participants are granted entry to Japan for the period of the Games.

Before validation, the OIAC is referred to as a Pre-Valid Card (PVC). The Tokyo 2020 Accreditation team will produce Pre-Valid Cards (PVCs) for all NOC delegates whose attendance at the Games has been confirmed during the Pre-DRMs. The production and distribution process will commence as soon as the Pre-DRMs have been completed and will be sent to each NOC for distribution to each delegation member. Accredited delegates will be able to validate their PVC in accordance with the dates for each sport outlined in the NOC Period of Stay Policy.

PVC holders may enter Japan (through all ports of entry) multiple times from 23 April to 5 October 2021, upon presentation of their card and the same valid passport that was used in the application for accreditation. In addition to the PVC, all accredited persons must comply with any additional entry requirements outlined in the Athletes and Team Officials Playbook. Accredited Athletes (Aa category), Alternate Athletes (Ap category) and other accredited participants of the NOC (Ao, NOC or P category) are eligible for a visa waiver.

Individuals using their PVC as a visa waiver to enter Japan must ensure their passport is valid for the duration of their stay in Japan, but it is recommended that the passport be valid until at least 31 December 2021. The identity document used to enter Japan must match the information provided on their application for accreditation. Please be noted that only accredited Games participants arriving with their PVC will be entitled to use dedicated or priority lanes at immigration and customs when entering Japan through the official ports of entry and to use only dedicated Games vehicles to access from the airport to the Olympic Villages.

E.g., Olympic Identity and Accreditation Card (OIAC) (Sample)

Pre-Valid Card validation

Individuals arriving in Japan on international flights through Terminals 2 and 3 of the Tokyo (Haneda) International Airport (HND) or Terminals 1 and 2 of the Narita International Airport (NRT) will be able to validate their PVCs at the airport from 13 July 2021, provided their NOC's DRM has been completed. Individuals arriving through other ports of entry should proceed to the appropriate main accreditation centre to complete the accreditation validation process. Each participant must visit an accreditation facility in person to complete the validation process. Individuals should bring their PVC and the valid identity document that was provided to Tokyo 2020 in the accreditation application.

Accreditation Categories and Privileges

All Games participants are provided with access to only the venues and zones that are required for them to complete the duties associated with their roles. The table below outlines the level of access granted to each category of participant. For Training Access Pass (TAPs) please refer to section No.4.

Categories and Privilege

| Category | Population | Venue Access | Zone Access | Seating | Transport |
|----------|---------------------------------------------------------------------------------------------------------------------------|------------------------------------|---------------|---------------------------|------------|
| Aa | Athlete | BOX venue(s), OLV, MPC, IBC | 2, R, BLUE | A Stand (at BOX venue(s)) | TA, TP |
| Ap | Alternate Athlete | BOX venue(s), OLV | 2, R, BLUE | - | TA, TP |
| Ao | Team Leader Coach Technical Personnel Administrative personnel Doctor Physiotherapist Medical Personnel | BOX venue(s), OLV | 2, R, BLUE | A Stand (at BOX venue(s)) | TA, TP |
| Ao | Press Attaché | BOX venue(s), OLV, MPC, IBC | 2, 4, R, BLUE | A Stand (at BOX venue(s)) | TA, TM, TP |
| P | Training Partner | BOX venue(s) only | 2, BLUE | - | TP |
| NOC | Athlete Chaperone | Athlete's discipline venue(s), OLV | 2, R, WHITE | A Stand | TA, TP |

[1] Access may be given to warm up facilities in competition venues when possible.

Accreditation privilege codes

The Accreditation Card Operating System assigns access privileges according to a privilege matrix that includes any function performing an official role at the Games. The privileges are based on accreditation zones and are printed on the OIAC along with the individual's personal information, function and responsible organisation. At sport venues the privileges give access to accreditation zones as described below:

| Zones | |
|-----------------|-------------------------------------------------------------------------------------------------------------------|
| BLUE | Field of play, Operational areas, General circulation areas |
| RED | Operational areas, General circulation areas |
| WHITE | General circulation areas |
| 2 | Athlete preparation areas |
| R | Residential zone of the Olympic Village |
| Seating | |
| A | Athletes' stand |
| Transport | |
| TA | Athletes/NOCs transport system |
| TP | Public transport systems |
| Sports / Venues | |
| CODE | Competition venue(s) and training venue(s) for each discipline – white letters with black background |
| CODE | Training venue(s) anytime and/or competition venue(s) on training days only – white letters with green background |

Conditions of Participation (COP)

As required by the IOC and in accordance with Rule 40 of the Olympic Charter, all individuals submitted in the following NOC accreditation categories must complete and sign a Conditions of Participation including the Parental/Legal Guardian Acknowledgement of Consent for Minors form (if applicable), acknowledging their compliance with the IOC and International Federation rules regarding Games participation and the World Anti-Doping Code.

- Aa: Athletes
- Ao: Team Officials
- Ap: Alternate Athletes
- P: Training Partners and Training Access Pass (TAPs)
- NOC: Athlete Chaperone

Each individual applicant must provide their original signature on a hard copy of the Conditions of Participation form. The form is available in English and French, and it is the NOC's responsibility to ensure that each applicant understands the content of the form. NOCs may prepare a translation of the form's content where necessary, however, either an English or French hard copy of the form must be signed and submitted to the Tokyo 2020 Organising Committee.

Only original signed copies of the Conditions of Participation form (and countersigned as appropriate) will be accepted by the Tokyo 2020 Organising Committee, and must be received at, or prior to, each NOC's DRM. However, NOCs are strongly encouraged to return the forms to the Tokyo 2020 Organising Committee in advance by secure/tracked post or in person if the opportunity arises. Please be advised that the Conditions of Participation form issued in December 2019 will no longer be valid for the Games in 2021.

P – Category Accreditation

Training Partners

Training partners will have access to their single discipline competition and training venues. Access to competition venues during competition is possible for athlete preparation. Training partners do not have access to the Olympic Villages or the Athlete Transport System (TA).

Training Access Pass (TAPs)

Training Access Passes (TAPs) will be available for NOCs to use in BOX disciplines for the Olympic Games Tokyo 2020. TAPs enable individuals who are considered essential for athlete preparation to access training venues and/or competition venues where training occurs.

Note: TAPs were called 'Training Venue Passes (TVP)' at the Olympic Games Rio 2016.

Operational Rules

- All Accreditation applications for TAP recipients must have been submitted in the GMS Accreditation Functionality by the 9 April 2021 deadline.
- Pre-Valid Cards (PVCs) will be issued for each complete TAP application submitted by the deadline.
- TAP recipients will be able to validate their PVCs and receive an OIAC and be subject to the Accreditation Terms for the Olympic Games Tokyo 2020.
- A Conditions of Participation form (and associated Parent/Legal Guardian Acknowledgement of Consent for Minors where relevant) must be completed and signed, acknowledging compliance with the IOC and International Federation rules regarding Games participation and the World Anti-Doping Code.
- The rules and responsibilities outlined in the Playbook for Athletes and Team Officials apply for TAP recipients. In addition, the following general rules apply for P – TAP accreditations.
 - Act as a visa waiver for entry into Japan.
 - Cannot be used by reserve athletes (unless permitted by the IOC and the IF).
 - Holders are not considered as part of the NOC delegation.
 - Do not grant additional entitlements such as Villages access, seating, dining or transport services.
 - Inappropriate behaviour by TAP recipients will be reported and these individuals will be denied access to the venues and their TAP may be cancelled.

Venue and Zone Access

P – TAP Accreditations in Group B can access all the Group B discipline standalone training venues and certain Group B discipline competition venues when in training mode. The access code to be used is 'ATV' - an acronym for All Training Venues.

| GROUP B - Individual Discipline Allocation | | | | |
|--------------------------------------------|-----------------------|--------------------------------------------|------------|--------------------------------------------------------------------|
| Discipline | Venue(s) | TAP Validity Period | TAP Access | Quota |
| | | | Code | (No. of Aa: TAP quota) |
| Boxing | Sumida City Gymnasium | Start of training until end of competition | ATV | 20% (rounded up) of Aa number entered into the Group B disciplines |

Supplementary Access Control Devices (SACDs)

A Supplementary Access Control Device (SACD) may be required to access specific areas of competition venues in line with sport-specific regulations. Specific areas within a venue, despite being within an accredited zone, can have additional restrictions and the OIAC itself may not grant access to these areas (e.g. the field of play, doping control stations, or the stables). The SACD could take different forms such as an armband or an additional pass to be attached to the same lanyard as the OIAC.

Entry into Japan

The PVC/OIAC will serve as an entry document to Japan from **23 April to 5 October 2021** for a maximum stay of 90 consecutive days when accompanied by a valid passport. The PVC/OIAC is valid for multiple entries between these dates. Upon every entry into Japan, the same passport used in the application for accreditation should be presented with the PVC/OIAC. The PVC/OIAC is valid in this way through all ports of entry.

The PVC/OIAC will facilitate entry into Japan only and does not function as a visa-waiver for any country other than Japan. All NOC delegates must check the visa requirements for transit through any other countries and obtain the necessary visa if required. NOCs are fully responsible for the acquirement and costs of any other visas including transit visas.

Delegation members should travel with their PVC in their hand luggage in order to be ready to present it with their passport for inspection by their airline, airport and immigration authorities if required during departure, transit and arrival. The Tokyo 2020 Organising Committee and the relevant Japanese government authorities will work with airlines and immigration services worldwide to ensure that all necessary authorities are aware that the PVC can be used as a visa waiver to travel to Japan for the Games.

Entry into Japan will not be granted to participants not in possession of a PVC.

Due to the border enforcement measures to prevent the spread of the novel coronavirus (COVID-19), there are necessary procedures and conditions to follow in order to enter Japan. In addition to the PVC and accreditation requirements, all delegation members of the NOCs should abide by the additional temporary immigration and quarantine measures implemented by the Government of Japan and highlighted in the Playbooks.

Upon arrival, all non-Japanese nationals will be required to complete a Disembarkation Card for Foreign Nationals and submit it at the immigration counter. The cards are usually distributed by airlines during inbound flights to Japan or are available in the airport prior to reaching the immigration counter. A separate card is required for each individual.

Entry into Japan through Tokyo (Haneda) International Airport (HND) or Narita International Airport (NRT)

HND and NRT are Official Ports of Entry for the Games. Upon arrival into Japan a passport inspection will be conducted by the Immigration Bureau of Japan. NOC delegation members arriving in Japan through Tokyo HND or NRT will be able to validate their PVCs at the airport from 13 July 2021, provided that their NOC's DRM has been completed.

Entry into Japan through other ports of entry

The Tokyo 2020 Accreditation Team will not be providing services at any other ports of entry into Japan, at any other international airports, nor seaports for the Olympic Games. However, NOC participants arriving through other ports of entry will be able to use their PVC as a visa-waiver as detailed above. The presentation of a PVC in conjunction with a valid passport will assist the Immigration Bureau at the port of entry to establish the reason for travel and ensure that the correct leave to enter is granted. Participants will then be required to perform the validation of the PVCs upon arrival in Japan at a Tokyo 2020 Accreditation centre.

Games-time services

Accreditation facilities

| Location | PVC validation | Card production | Transfer request | Lost/stolen replacement | Help desk | Service start date |
|-------------------------------------------------------------------------------------------------------------------|----------------|-----------------|------------------|-------------------------|-----------|--------------------|
| Tokyo (Haneda) International Airport (HND) for international arrivals only (Terminals 2 and 3) | Yes | No | No | No | No | 13 July 2021 |
| Narita International Airport (NRT) for international arrivals only (Terminals 1 and 2 only) | Yes | No | No | No | No | 13 July 2021 |
| Olympic Village Team Processing Centre | Yes | Yes | Yes | Yes | Yes | 13 July 2021 |
| Olympic Family Accreditation Centre (located adjacent to the OFH in the TOKYO-UAC Building, Maple Room 2F) | Yes | Yes | No | Yes | Yes | 12 July 2021 |
| Media Accreditation Centre | Yes | Yes | No | Yes | Yes | 28 June 2021 |
| Secondary Media Accreditation Centre (At the Media Transport Mall) | Yes | Yes | No | Yes | Yes | 23 June 2021 |
| Venue Accreditation Offices (VAO) (at BOX competition venue) | Yes | No | No | Yes | No | Venue lockdown |

Lost, stolen, damaged PVCs/OIACs

If a PVC is lost, stolen or damaged the NOC must contact the Tokyo 2020 Accreditation Team promptly to ensure appropriate action can be taken. In the event that the PVC cannot be reissued and delivered prior to travel the NOC will be informed.

All lost and stolen OIACs should be reported to the nearest accreditation centre or VAO. Participants will be required to complete a Lost/Stolen Accreditation Card form and present an acceptable form of identification. Accreditation Cards which become damaged in such a way that the photo and/or the personal information is not legible or that the Access Control System is not able to read the card, should be returned to the nearest accreditation centre or VAO for replacement.

Please be advised that the PVC or OIAC will not be reissued after the competition of each discipline finishes and the end of the accreditation facilities' operational period for the Olympic Games Tokyo 2020.

Please note the following:

- The individual concerned must make a written, signed declaration.
- A lost or damaged OIAC will be cancelled in the accreditation system and will not be reactivated even if found at a later date.
- Reissuance can take place at any of the accreditation facilities listed in the above table.

Ticketing and Accredited Seating

Different discipline athletes (DDA)

The different discipline athletes (DDA) ticketing programme, which allows athletes and team officials to watch competitions of disciplines other than their own free of charge, will not be implemented in the Tokyo 2020 Games.

Follow-My-Team

Follow My Team (FMT) ticket packages, which allow NOCs to secure a limited number of tickets for all matches of a particular team, will not be implemented in the Tokyo 2020 Games.

Athlete Family and Friends (AFF) tickets

Athletes' Family and Friends (AFF) Programme, which guarantees NOCs a certain number of tickets per session in which an athlete competes for athletes, their families and friends, will not be implemented in the Tokyo 2020 Games.

Games-time ticket sales

Plans for Games-time ticket sales are currently under review and further information will be provided upon confirmation.

Olympic Village

Plans for ticketing services at the ticket office located in the Olympic Village are currently under review and further information will be provided upon purchase.

Key Client Servicing Centre (KCS)

At Games-time, Tokyo 2020 will offer ticketing services at the Key Client Servicing Centre which location will be announced at a later date. This service will be for the exclusive use of key clients and will be accessible by appointment only.

Competition Venues and Main Ticket Centre

Plans for Ticket Box Offices are currently under review and further information will be provided upon confirmation.

Ticket touting

It can be a criminal offence to resell Tokyo 2020 tickets for a price over the face value (subject to other conditions as provided for in the relevant statute), and infractions may result in jail time and/or fines. Unauthorised resale or misuse of Tokyo 2020 tickets may be considered a violation of the Tokyo 2020 Terms and Conditions of Ticket Purchase and Use and may result in the tickets being declared void and the ticket holder being denied entry to the venue.

Team Welcome Ceremonies

Tokyo 2020, in agreement with the IOC, has removed Team Welcome Ceremonies from the Village programme.

Opening and Closing Ceremonies

The Olympic Games Tokyo 2020 Opening and Closing Ceremonies will be held at the Olympic Stadium. The Opening Ceremony will take place on Friday 23 July 2021 and the Closing Ceremony will be held on Sunday 8 August 2021.

Opening Ceremony

Parade of Athletes

Staging area

Delegations will enter the Olympic Stadium and parade across the field of play past the Presidential Box, in view of the audience, before being directed to their position on the field of play. Athletes will then have to stand for the remainder of the ceremony.

Marching entitlement

According to IOC guidelines, all competing athletes (Aa) participating in the Olympic Games are eligible to march in the ceremonies, together with six accredited team officials per NOC delegation. Competing athletes (Aa) will march by virtue of their accreditation and will not need a marching pass. Alternate athletes (Ap) and team officials (Ac and Ao) will require a marching pass and their accreditation to participate in the Parade of Athletes.

Marching order

The marching order is determined by the language of the host country. In accordance with IOC protocol and an IOC Executive Board decision on 3 December 2019, Greece will march in first and the Refugee Olympic Team second. As hosts of the next two editions of the Olympic Games, the United States of America will march third last and France second last, while 2020 Games host Japan will march last.

Non-marching spectating athletes

The Non-Marching Spectating Athlete ticket has been cancelled in line with COVID-19 countermeasures to reduce contact between athletes and general public and to ensure a secure and safe environment for athletes.

NOC Presidents, Secretaries General

NOC Presidents and Secretaries General will receive complimentary tickets for the Ceremonies. Marching with the delegation will not be allowed.

Flag bearers

Each NOC will nominate one female flag bearer and one male flag bearer to march jointly at the Opening Ceremony. Each NOC will be asked to submit the nomination form in advance. Only athletes are allowed to be nominated as flag bearers. In principle, flag bearers will remain with their delegation throughout the transfer and marshalling. They will be provided with their flag before entering the Olympic Stadium.

Food and beverage

Athletes marching in the Opening Ceremony are advised to have their meal before leaving the Olympic Village. Water will be available at the Olympic Village. Snacks and water will be provided at the athletes' preparation area and water will be available at Olympic Stadium. Upon return to the Olympic Village, the Main Dining Hall will be prepared to meet the high demand for meals.

Transport

Transport from the Olympic Village to the Olympic Stadium

Tokyo 2020 will provide bus services for marching athletes and team officials between the Olympic Village to the Olympic Stadium.

For the Opening Ceremony, the bus load zones will be located in the Transport Mall and the Residential Zone of the Olympic Village. NOCs will be allocated designated load zones and specific gathering and boarding times, based on their marching order in the parade, which will be communicated to NOCs after the Chefs de Mission ceremony briefing. NOC Assistants will meet NOCs at the designated times at their residences and guide them to the load zones to board the buses. Departures from the Olympic Village will take place in waves. Travel to the Olympic Stadium precinct will take approximately 30 minutes.

For those with training sessions on the same day as the Opening Ceremony, training times will be scheduled so that athletes will have time to return to the Olympic Village before departure to the ceremony.

Transport back to the Olympic Village

An early departures service to the Olympic Village will be offered for athletes and officials wishing to leave the ceremony immediately after the parade. The early departures process will start after Greece has finished marching and will be provided until 30 minutes before the regular departure services start. The first bus for the early departures service is expected to leave the Olympic Stadium at 21:00. Buses will depart when full so athletes may be required to wait.

Satellite Villages

According to the Period of Stay and COVID-19 countermeasure guidelines, athletes residing in satellite villages (Olympic Cycling Village and Olympic Sailing Village) and sport accommodations are asked to minimise visiting the Olympic Village to avoid contamination risk. Accordingly, ceremony transport from satellite villages will not be provided.

Should an NOC wish to nominate a flag bearer(s) from sports in satellite villages, the athlete(s) may arrive and stay in the Olympic Village within their NOC allocation and participate in the ceremony from the Olympic Village.

Athletes participating from the satellite villages will be asked to take the IVCS (Inter-Village Connection Service) to/from the Olympic Village.

Closing Ceremony

Marching passes

For the Closing Ceremony, each NOC delegation will receive six marching passes for accredited team officials (Ac, Ao and Ap). Competing athletes (Aa) will march by virtue of their accreditation and will not need a marching pass. Alternate athletes (Ap) and team officials (Ac and Ao) will require a marching pass and their accreditation to participate in the ceremony.

Marching order

For the Closing Ceremony, delegations will not have to enter the Olympic Stadium in any protocol order.

Flag bearers

Each NOC will be asked to submit nomination form for flag bearers in advance. NOCs are requested to refrain from nominating athletes if they are competing on the day of the Closing Ceremony.

Flag bearers will enter the stadium before the rest of the delegations.

Transport

Transport from the Olympic Village to the Olympic Stadium

Tokyo 2020 will provide bus services for marching athletes and team officials between the Olympic Village to the Olympic Stadium. The bus load zones will be located in the Transport Mall and the Residential Zone of the Olympic Village. NOCs will be allocated designated load zones and specific gathering and boarding times. NOC Assistants will meet NOCs at the designated times at their residences and guide them to the load zones to board the buses. Departures from the Olympic Village will take place in waves. Further details will be provided during the Chefs de Mission meeting on the day before the Closing Ceremony.

Transport from competition venues to the Olympic Stadium

For Handball, Water Polo and Athletics (Marathon medalists) athletes competing on the day of the Closing Ceremony, transport will be arranged in accordance with the competition schedule.

Handball and Water Polo

Due to the tight schedule between finish of competition and the Closing Ceremony, direct transport to the ceremony will be provided for Handball and Water Polo athletes. Competing athletes will be transported by their team buses while separate TA buses will be provided to Same Discipline Athletes (SDA). Athletes participating in the Closing Ceremony must load their own baggage on to the bus going to the Olympic Village. Team officials not participating in the ceremony will accompany the baggage to the Olympic Village. A late departure TA bus will be provided for athletes who attend press conferences after competition. Athletes who undergo anti-doping tests may take this bus if they wish to participate in the ceremony as long as samples are completed before departure. NOCs will be asked to refrain from selecting flag bearers from these sports.

Transport for Marathon athletes from Sapporo accommodation

Victory ceremonies for the male and female marathon events will take place during the Closing Ceremony. Male and female marathon medallists will be transported directly to the Olympic Stadium from Sapporo on the day of Closing Ceremony after the men's marathon is completed.

Transport from the Olympic Sailing Village

Transport services for the Closing Ceremony will not be provided to athletes and team officials staying at the Olympic Sailing Village (OSV), which will have already closed at the time of the Closing Ceremony.

Non-marching spectating athletes

For the Closing Ceremony there will no tickets for non-marching athletes.

Victory Ceremonies

Victory ceremonies will be conducted in English, French and Japanese, and occur at all competition venues, as per the date and time indicated in the sport competition schedule.

There will be a briefing for medallists before the victory ceremony, during which athletes will be shown the route along which they will be led and reminded of their responsibility to adhere to Rule 50. Only the athletes may be present at this briefing, unless otherwise indicated.

During the medal presentation, accreditation must either be temporarily surrendered to the Victory Ceremony Manager or hidden out of sight. No participant in the victory ceremony should have flags, mascots, mobile phones, cameras, headphones, sport equipment or other items on them during the ceremony; this is a breach of Rule 50. Athletes must be wearing their NOC tracksuits. Please also note that no one other than athletes and those who are part of the Victory Ceremonies team may be part of the victory ceremony.

Upon completion of the photo opportunity after the victory ceremony, each athlete will be required to pass through the mixed zone, unless indicated by the athlete escorts and the Tokyo 2020 sport manager.

During the victory ceremony, the Doping Control team is required to keep athletes in line of sight at all times; therefore, it is imperative that athletes do not deviate from the prescribed routes outlined in the briefing.

Marathon and Race Walk

- Venue ceremonies (presentation of winners) will take place at the venue in Sapporo after each marathon and race walk competition.
- Victory ceremonies (medal presentation) for Race Walk will be held at Olympic Stadium on subsequent days during Athletics competition.
- Victory ceremonies for marathon (both female and male) will be held during the Closing Ceremony.

Medals and diplomas

Medals and diplomas will be awarded in each event of the competition in accordance with Rule 56 (Victory, medal and diploma ceremonies) of the Olympic Charter, as follows:

- 1st place: A gold medal, a diploma and an Olympic medallist's pin
- 2nd place: A silver medal, a diploma and an Olympic medallist's pin
- 3rd place: A bronze medal, a diploma and an Olympic medallist's pin
- 4th-8th places: A diploma

Please note that medallists will also receive a commemorative gift.

Transport

A summary of transport service at the Games follows below. Please note that full details of transport services at the Games, including timetables, can be found in the Tokyo 2020 Transport Guide on Tokyo 2020 Connect.

Transport system for athletes and team officials (TA System)

During the Olympic Games Tokyo 2020, the TA bus system will provide transport services for athletes and team officials (Aa, Ac, Ao, and Ap alternate athletes), between 13 July and 11 August 2021. The TA bus system will provide the following transport services:

1. Arrivals and departures transport from/to Tokyo International Airport and Narita International Airport to/from official accommodation;
2. Transport between official athlete accommodation, and official competition and training venues;
3. Inter-Village Connection Services (IVCS) between the Olympic Village and the satellite villages for Cycling and Sailing;
4. Transport between Additional Team Official (ATO) accommodation (Prince Hotel Tokyo Bay) and the Olympic Village;
5. Opening and Closing Ceremony transport; and
6. Inter-city travel for relevant sports

TA System for Individual Sports (Shuttle buses)

Shuttle bus services will be provided between Olympic Village/official accommodation and competition venues/training venues. Operating times will be scheduled in line with the training and competition schedules, with frequency varying depending on venue and sport. In principle, the service period will be from five (5) days prior to the start of the competition to completion of the competition based on training and competition schedules.

Team Sports

A coach bus with driver will be provided for each team participating in team sports. Vehicle and driver are dedicated but not exclusive to any single team or NOC and could change on occasion.

Team bus services will be provided between Olympic Village/official accommodation and competition venues/training venues. Teams will always travel as a full team and vehicles cannot be used to travel to other sport competition venues.

Service period will be based on pre-agreed schedule from five days prior to the start of the competition until the day after competition is finished or day after team's final competition.

Any changes to the pre-agreed schedule should be requested at the Transport Desk at the SIC in the Olympic Village or Transport Desk at official accommodation by 16:00 the previous day. Requests after this time cannot be guaranteed.

Team vehicles can be used to go to official Ports of Entry until the day after the team's final competition.

Inter-Village Connection Service (IVCS)

Inter-village transport services are provided to connect the Olympic Village with the satellite villages and Cycling accommodation, and to provide service connecting the Cycling Village with Cycling accommodation. Reservations must be made by 16:00 the day before travel at the Transport Desk of the NOC Services Centre in the Olympic Village, satellite villages or Cycling accommodation. Frequency is two journeys per day in both directions with one coach bus per service. The IVCS will depart at 06:00 and at 20:00 in both directions every day, except on certain dates. As travel times may take longer depending on traffic conditions, it is recommended to ensure enough time for traveling, such as by traveling the day before. Rest time is scheduled during the trip at motorway service areas, etc.

Olympic Route Network (ORN)

Tokyo 2020 will set up the Olympic Route Network (ORN) in order to provide safe, smooth, efficient and reliable transport services to all stakeholders. The ORN will be divided into three different types of routes.

- Games-time route: A route connecting the Olympic Village (OLV), accommodation facilities, airports, competition venues, and non-competition venues such as IBC/MPC;
- Training venue route: To be used to transport athletes to training venues; and
- Alternative route: To be used as an emergency measure in the event that things such as an accident prevents the use of the Games-time route.

Travel Demand Management (TDM) and Traffic System Management (TSM) will be implemented on the ORN.

TDM is a measure to urge private companies and citizens to reduce traffic, while TSM is a measure to control the traffic volume of general vehicles and prevent congestion by closing certain entrances to motorways.

On general roads, dedicated lanes and priority lanes will be established along with rigid enforcement of parking restrictions, signal adjustments, and rapid responses to accidents on the ORN and at various spots where accidents could affect the ORN.

Please refer to Tokyo 2020 Connect for the ORN map and the estimated travel times between the Olympic Village and competition venues when using the ORN.

Dedicated lanes can be used exclusively by designated stakeholders' vehicles, and priority lanes can be used by general vehicles, but the designated stakeholders' vehicles have priority over general vehicles. In addition, regulation signs and cherry blossom pink road surface markings will be installed on dedicated lanes and priority lanes.

For other locations, signboards will be installed on motorways, and signboards and road surface markings will be indicated on general roads. Tokyo 2020 will ask the general public to refrain from driving these indicated roads to make stakeholder journeys as smooth as possible.

Tokyo 2020 transport app

Tokyo 2020 Games Family is a web app that provides information related to transport services for stakeholders. The app will provide functions such as route search between Olympic Village/official accommodation and competition/training venues, and provides information about TA bus timetables (except team sports buses) and maps of each venue to support stakeholders during the Games time.

Please refer to the Tokyo 2020 Transport Guide for details.

Public transport

Accreditation holders will be provided with a public transport card (TP card), which can be used an unlimited number of times to travel free of charge on underground and surface train services, including monorails, between 9 July and 11 August 2021.

However, use of the public transport system will be restricted due to COVID-19 countermeasures. Those who fall under this category as stated in the Playbook Athletes and Officials cannot use the TP card.

NOC stakeholders (athletes, etc.) as specified in the Playbook Athletes and Officials cannot use public transport.

Other NOC stakeholders will be able to receive a TP card. But stakeholders who are from overseas will not be able to receive it for 14 days from the day after entry in Japan.

Please refer to the Transport Guide for details.

Medical services

Public health services, including disease surveillance, communicable disease control and health protection (such as water and air quality) will be in place throughout Japan during the Games.

Local hospitals that include 24-hour emergency specialist services and tourist clinics are also available around the city. Local pharmacies can be found in all neighbourhoods, and some are open 24 hours a day.

There are no vaccination requirements for entering Japan, but NOCs are advised to consult their local physician prior to travelling to Japan to ensure that all routine vaccinations are up to date.

A basic summary of medical services at the Games is given below. Full details will be provided in the Healthcare Guide which will be distributed to NOCs by Tokyo 2020 before the Games.

COVID-19 countermeasures are described in the playbook.

Games-time medical services

Olympic Village

The Polyclinic will be located in the Residential Zone of the Olympic Village and will be the main treatment provider for athletes and NOC team officials during the Games. The Polyclinic will be open from 13 July to 11 August 2021.

Services will be offered from 07:00 to 23:00, seven days a week, with emergency services and the Fever Clinic operating 24 hours a day. Services in the Polyclinic will include:

- Emergency services
- Fever Clinic
- Orthopaedics
- Internal medicine
- Female athlete medicine
- Dentistry
- Ophthalmology
- Mental healthcare
- Dermatology
- Physical therapy
- Pharmacy
- Imaging services with MRI and X-ray available on-site
- Diagnostic testing-laboratory for urine, blood and physiological function testing

The Fever Clinic will be located in the buildings across the street from the Polyclinic and will provide medical care and tests for the delegation members suspected of having infectious diseases including COVID-19. Those who have any COVID-19 related symptoms such as fever or have tested positive with COVID-19 in the screening tests are referred to the Fever Clinic.

A medical station at the Village Plaza will provide first-aid care for NOCs, guests, media, and workforce. The medical station will be open from 7 July to 11 August 2021 between 09:00 and 21:00.

Olympic Sailing Village

The Olympic Sailing Village medical station will be open from 13 July to 7 August 2021 and will provide primary care and physical therapy services from 6:00 to 12:00 and 17:00 to 23:00 and a pharmacy (limited services).

Olympic Cycling Village

The Olympic Cycling Village medical station will operate from 13 July to 10 August 2021 and will provide primary care, physical therapy services from 07:00 to 23:00, and pharmacy (limited services).

Competition venue medical services

Medical facilities will be provided at all competition venues. Athlete and spectator medical stations will be stocked with appropriate equipment, supplies, and medication, and will be staffed by experienced medical staff. Ambulance units will be stationed at all competition venues during the competition period.

Athlete medical services have been planned in compliance with IF requirements and Olympic regulations for the sport. Medical services will generally be available from the time athletes, team officials and technical officials arrive at the venue until the time they leave the venue.

Spectator medical services care for all other client groups, including spectators, workforce, media, sponsors, volunteers, contractors, VIPs, and Olympic Family. There will also be first responder teams circulating throughout the venue to respond to any medical situation that occurs.

Field-of-Play response

Field of Play (FOP) response teams will provide first aid and emergency services to athletes and officials on the FOP should such services be required. If necessary, the patient will be retrieved from the FOP and transported to the athlete medical station or designated Games hospital as appropriate. In some cases, the athlete may be referred to the Polyclinic. The order of response on the FOP and any decision-making will differ in each venue in accordance with the rules of the respective IF Official.

Training venue services

Medical services at official training venues will depend on the size of the venue, the number of sports taking place, and the relevant IF regulations.

Designated Games hospitals

If treatments and/or medical tests are required in addition to those that can be carried out in the venue medical stations, the athlete or team official will be transferred to designated Games hospitals in central Tokyo or in the co-host city. Details of designated Games hospitals will be released at a later date. Any patient suffering from a life-threatening condition that may occur at any of the venue zones will be taken to the nearest hospital.

Heat Countermeasures

Tokyo 2020 will provide heat countermeasures for athletes and technical officials according to the characteristics of sports and venues. Examples of some general heat countermeasures are listed below, while additional information will be provided in the competition section for those sports which have their own sport-specific heat countermeasures.

- Changes made to competition schedules (some sports)
- Installation of air conditioners at Athlete Lounges and changing rooms
- Provision of sufficient water and ice
- Installation of heat countermeasure equipment such as spot coolers, mist fans etc.
- Provision of ice baths (some sports)
- Publishing Tokyo's historical weather information

Doping control

The IOC has delegated some of its responsibilities in relation to the implementation of doping control at the Olympic Games Tokyo 2020 to the International Testing Agency (ITA) in accordance with the World Anti-Doping Code (WADC) and the IOC Anti-Doping Rules (the IOC AD Rules) applicable to the Games of the XXXII Olympiad Tokyo 2020.

This delegation includes without limitation, Test Distribution Planning (TDP), testing operations including athlete selection, Therapeutic Use Exemptions (TUEs), Results Management and prosecution of Anti-Doping Rule Violations (ADRVs).

During the period of the Games, which starts from the opening of the Olympic Village on 13 July 2021 up to and including the day of the Closing Ceremony on 8 August 2021 inclusively, the IOC AD Rules will apply. Athletes qualified and registered by their NOC may be tested at any time during the Games period, as well as in the lead up to the Games, regardless of their location.

Tokyo 2020 will introduce a paperless system to record the information related to the sample collection procedure by its Sample Collection Personnel (SCP). While the notification of athletes will be recorded on paper, the recording of the information related to the sample collection procedure will be done on a tablet.

Doping Control-related operations

Reference information on "interpreters during the doping control process", "food and beverage for athletes undergoing doping control", "transportation following completion of doping control", "testing for world records", "testing requests for national/regional records" are written in the Doping Control Guidebook published on Tokyo 2020 Connect.

Transportation after completing doping control on day of Closing Ceremony

Doping control will be conducted on the day of the Closing Ceremony. All athletes undergoing doping control must complete testing at the competition venue before moving to the Closing Ceremony. After completing doping control, Tokyo 2020 will transport athletes to the Olympic Village. Athletes who participate in the Closing Ceremony are requested to take a bus to the Olympic Stadium from the Olympic Village. Therefore, Tokyo 2020 recommends that all athletes who compete on the day of the Closing Ceremony bring with them to the competition venue all necessary items that may be required during the Closing Ceremony (such as their uniforms) as they may not have the possibility to go back to their rooms in the Olympic Village prior to the ceremony. This Team Leaders Guide was published after the Doping Control Guidebook was finalised, therefore this is the most up-to-date transport information.

Athlete Venue Meals

Athlete Venue Meals (AVMs) will be available for athletes and team officials that are away from the Olympic Village for more than four hours. AVMs will be offered in two forms depending on the venue. If the AVMs offered at the competition or training venue are Cold Packed Meals (CPM), they must be booked in advance electronically (Microsoft Forms) by no later than 10:00, two days prior to the date of consumption. The URL of the online form will be uploaded on Tokyo 2020 Connect in June. No advance reservations are required for venues and competitions where hot meals will be served.

Food and beverages will be served in the Athletes' Lounge and changing rooms at competition and official training venues. AVMs will include items such as sandwiches, salad, piece of fruit, dessert, and yoghurt. A vegetarian option will also be available, but it should be requested when the order is placed. Coca-Cola drinks and refreshments will be provided at the competition and official training venues.

Complete details will be communicated on Tokyo 2020 Connect.

Sport information

The Sport Information Centre (SIC) located in the same building as the NOC Services Centre, pre-opens on 7 July 2021, before officially opening from 13 July to 11 August 2021. Opening hours will be as follows:

- 7 to 12 July 2021: 08:00 to 20:00
- 13 July to 10 August 2021 : 07:00 to 22:00
- 11 August 2021: 07:00 to 18:00

The SIC will provide the following sport-specific information:

- General competition-related information and sport-related communications from Tokyo 2020 competition management teams and International Federations (IFs)
- Results, draws, start lists, daily training schedules and other key information
- Booking of Games-time training slots and allocation of training sessions at competition and/or training venues for selected sports
- Transport information and scheduling of team sport buses
- Athlete Venue Meal (AVM) bookings

These same services and information will also be available at competition venue Sport Information Desks (SID).

Please note, athletes are not permitted in the SIC. To maintain an appropriate level of service, only accredited NOC team officials are allowed to enter (Ac, Ao, etc).

The SID in the sailing Village will be located close to the athletes' transport pick-up/drop-off area near the first-floor foyer, and will provide event-related services from 13 July to 7 August. Opening hours will be as follows:

- 13 July to 6 August 2021: 07:00 to 22:00
- 7 August 2021: 07:00 to 18:00

Hours of operation may change in response to the level of utilisation.

The SID in the Cycling Village will be located on the second floor of the Cycling Village Training Centre Annex, and will provide event-related services from 13 July to 8 August. Opening hours are 07:00 to 22:00 (Service from 07:00 to 08:00 and from 21:00 to 22:00 will be offered by phone.)

*Services from 13 July – 18 July 2021 will be offered by phone only.

*Services from 19 July - 20 July are TBC.

The SID will operate for:

MTB athletes and team staff from 21 July – 28 July
CTR athletes and team staff from 25 July – 8 August

The same information can be checked by logging on to Info, or at the venue SID.

Info

The Info system is the Games' information system, which provides competition schedules, results reports, near real-time scoring and results, medals, records, biographies, news, historical results, audio and video. The Info system is available in English and some content is available in French. It is scheduled to go live on 13 July 2021 and remain online until 11 August 2021.

| Info Content and Details | |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Background | Historical data, statistics, competition formats and rules, qualification criteria and venue descriptions |
| Biographies | Athlete biographies and team, coach, referee, judge and NOC profiles |
| Ceremonies | Details about Opening Ceremony, Closing Ceremony and medal ceremonies, including timings and participants |
| Games News | Flash quotes, press conference highlights, sport previews, news articles, statistic-driven reports, media communications and IOC news |
| Medals | Medal standings by sport, overall medal standings, and medallists by day, sport and event |
| Records | World and Olympic records, including current records, record holders and new/ equalled records |
| Results | Competition results viewable by sport, date and NOC. Includes entry lists, start lists, results and additional sport-specific reports |
| Schedules | Competition and non-competition schedules, including press conferences, IOC activities and Cultural Olympiad |
| Audio and Video | Post-competition mixed zone interviews with many athletes will be available to stream on-demand as audio files. The IOC - Tokyo 2020 Daily Media Briefing can be streamed live on Info and will also be available on-demand, as will videos of medallists' post-competition press conferences. |

myInfo is the online version of Info and is available for users with an internet connection and login account (username and password) from anywhere in the world. myInfo provides additional features not available on Info, such as:

- customisation (ability for users to create their own schedules by selecting only those sports and events of interest to them)
- news/event alerts via email
- bookmarking of results, reports and other Games information
- hyperlinking to other websites, such as those of the IOC and IFS
- downloadable results books
- copy and paste functionality

Language Services

Tokyo 2020 Language Services will provide volunteer assistance services at competition venues depending on the session schedule. Basically, the assistance services are available on the days when the session will be held.

Language Services volunteers will be identified by the armband that specify the languages they speak. Services will be covering more than 20 languages including Arabic, Chinese (Mandarin), English, French, German, Italian, Korean, Portuguese, Russian, Spanish and Japanese. The specific languages provided will vary by venue. Functional areas that require language assistance should contact the venue LAN manager for support.

Village

Olympic Village

The Olympic Village in the Harumi district of Tokyo's waterfront can accommodate about 18,000 residents. On the site, which is surrounded on three sides by water, 21 residential buildings ranging in height from 14 to 18 stories make up four residential blocks, offering a total of about 3,800 apartments.

Village Zones

The Olympic Village is comprised of different zones that have different functions thus pedestrian and vehicle access will be different. Appropriate accreditation is required, and security checks will be conducted at all Olympic Village access points. There will be no access to the Olympic Village from the waterfront.

Village Plaza

The Village Plaza is located next to the Village's Main Entry. As characteristics of the Village Plaza, the building is sustainably built using locally sourced timber, which will be reused in local government facilities after the Games.

Residential Area

The 21 residential buildings are zoned into four residential blocks named Port, Sea, Park and Sun. The residential buildings on the same block are interconnected in the basement level. There are outdoor areas (courtyards) available in each residential block.

Resident Centres

There are five Resident Centres in the Olympic Village, at least one per residential block.

Resident Centre (24-hour): two locations (buildings 3 and 15)

Resident Centre (07:00 - 22:00): three locations (buildings 6, 9 and 16)

Housekeeping Services

Regular cleaning by Tokyo 2020 (08:30-18:00)

NOC spaces (residential units/NOC operational spaces)

Every two days: rubbish collection, bathroom/toilet cleaning, toilet paper supply, towel change.

Every four days: floor cleaning with mop and/or vacuum cleaner for residential units and NOC operational spaces, linen change.

Public spaces (lounges, toilets, hallways)

Daily: toilet cleaning, toilet paper refill

Every two days: rubbish collection

Every four days: floor cleaning with mop and/or vacuum cleaner

*Disinfection will be conducted with combination of regular cleaning.

Laundry Services

Free-of-charge laundry services for residents will be provided. To use the free laundry services, residents will be asked to bring their laundry in the designated bags to the nearest laundry desk in their residential block. Residents will receive three laundry bags placed on the bed.

Fitness Centre

Location: Multi Function Centre (MFC) 3rd floor

Operational Hours: Fitness Centre 1: 24 hours / Fitness Centre 2: 07:00 to 22:00

The facility consists of Fitness Centre 1 (2,250m²) and Fitness Centre 2 (540m²) which will be available to all residents of the Olympic Village on a first-come, first-served basis.

Recreation Centre

Location: MFC 2nd floor

Operational Hours: 10:00-24:00

The Recreation Centre provides spaces for residents to socialise and relax.

Multi-faith Service (online basis)

Multi-faith online services will be provided during the Games. Detailed information will be provided on a special application called 'Tokyo 2020 Games Family'.

Medical Services

Polyclinic Location: MFC 1st floor

Operational Hours: 07:00 to 23:00 (emergency services operating 24 hours) for athletes and team officials

Medical services will be provided at the Polyclinic. In case of requiring hospitalisation, or further inspection and other specialised treatment, which cannot be provided at the Polyclinic, patients will be transferred to the designated Games hospital.

Fever Clinic, Area for Testing of Close Contacts, Sample Collection Centre

Operational Hours: Fever Clinic/Area for Testing of Close Contacts (24 hours); Sample Collection Centre 07:00 to 23:00

Fever Clinic, Area for Testing of Close Contacts, and Sample Collection Centre are located in the Resident Zone. Fever Clinic provides medical care and tests for the delegation members suspected of having infectious diseases including COVID-19. Area for Testing of Close Contacts provides the tests for the close contacts of a person who is tested positive for COVID-19. Regular COVID-19 screening tests for athletes etc. are conducted at the Sample Collection Centre.

Main Dining Hall

Operational Hours: 24 hours daily, 13 July to 8 August 2021

*Outside of the above periods, operational hours will change for breakfast, lunch and dinner. For details see the Village Guide.

Even if the size of some areas may be reduced depending on the conditions of use, all menu categories will be available throughout the period.

Grab-and-Go Stations

Location: four buildings, one in each Residential block

Operational Hours: 06:00 to 13:00 daily, 14 July to 8 August 2021

They offer easy access to food and drinks for athletes heading to competition and training venues.

Individually packed bread, muffins, yoghurt, cereal bars, whole fruits, coffee, tea and other items are available.

Café

Location: Village Plaza

Operational Hours: 09:00 to 21:00

Key fob holders can enjoy cold Coca-Cola beverages free of charge, and hot drinks and snacks are available for purchase.

Internet Lounge

Location: Village Plaza

Operational Hours: 09:00 to 21:00

The '5G Lounge', an Internet Lounge and a Café offer the following services:

- (1) Internet service via PC
- (2) Domestic and international phone calls
- (3) Café
- (4) Athlete phone distribution point & Galaxy Athlete Lounge
- (5) Content that guests can experience via 5G, a state-of-the-art information and communication technology (ICT)

Inter-Village Connection Service (IVCS)

Operational Hours: 06:00 to 20:00

The IVCS will operate daily between Olympic Village and satellite villages. Tokyo 2020 will provide bus transport services at specific times between the Olympic Village and the Sailing Village, Cycling Village and Cycling Road accommodation. Additionally, a separate service will operate between the Cycling Village and the Road Cycling accommodation. Services will not operate if no reservations have been made. NOCs can book services at the Transport Desk in the Olympic Village's NOC Services Centre (2nd floor). Please make reservations by 16:00 the day before. Services are limited on the opening/closing days of the Olympic Village and the days of the Opening and Closing Ceremonies.

Internal Shuttle Bus

Operational Hours: 24 hours

The shuttle bus will be autonomously driven, and its frequency will vary between 5-20 minutes depending on the peak and off-peak times. One round of the Olympic Village takes about 30 minutes. On Opening and Closing Ceremony days and operational dates of the Harumi Check-in (HCI), services will be limited.

Olympic Sailing Village

The Sailing Village is located in the town of Oiso in Kanagawa Prefecture. Situated about 92km from the Olympic Village and about 21km from the competition venue, it will be home to athletes and team officials participating in Sailing events during the Games.

Resident Desk

Location: 1st floor

Operational Hours: 07:00 to 22:00

Housekeeping Services

Daily: cleaning
Every two days: towel exchange
Every four days: bed-making, bed linen exchange

Laundry Services

Location: 3rd floor
Operational Hours: 07:00-22:00
The resident's OIAC will be confirmed and a receipt will be issued. Clean laundry can be picked up by showing a receipt at the Laundry Rooms.

Fitness Centre

Location: 1st floor
Operational Hours: 24 hours
Machine area and conditioning area will be available. A selection of equipment suitable for the sailing athletes will be provided in a machine area.

Recreation Centre

Location: 1st floor
Operational Hours: 10:00 to 22:00
Table tennis, lounge, and booth for experiencing Japanese culture are available.

Medical Services

Location: 1st floor
Operational Hours: 06:00 to 12:00 and 17:00 to 23:00
Medical Station is located on the basement floor of OSV for athletes and team officials during the Games Time, and provides necessary medical services such as primary care, physical therapy and limited pharmacy services.

Dining Halls

Location: 1st floor
Breakfast: 05:30 to 10:00 (event days) / 06:00 to 10:00 (training days)
Lunch: 11:00 to 15:00
Dinner: 17:00 to 22:00
There are two dining halls on the first floor of the Sailing Village. One accommodates 64 people and the other 140, for a total of 204 seats. Full service is available in the dining halls, which serve a selection of warm and cold dishes during breakfast, lunch and dinner.

Transport Services

Operational Hours: 07:00 to 22:00
TA Services are provided in the load zone in front of the entrance of Residence. The operating hours of the load zone is from the departure of the first bus to the arrival of the last bus of the day. The timetable will be posted at the load zone. In addition, information is also available at the Transport Desk. Users will be checked for OIAC in the load zone before boarding.

Olympic Cycling Village

The Cycling Village is located in the city of Izu in Shizuoka Prefecture. Situated about 188km from the Olympic Village and about 21km from the competition venue, it will be home to all athletes and team officials participating in Cycling Track and Cycling Mountain Bike events during the Games.

Resident Desk

Location: 2nd floor of Sympathique Hall
Operational Hours: 07:00 to 22:00

Housekeeping Services

Daily: cleaning
Every two days: towel exchange
Every four days: bed-making, bed linen exchange

Laundry Services

Location: 1st floor of Conference Centre Annex
Operational Hours: 07:00 to 22:00
Resident's OIAC will be confirmed and a receipt will be issued. Clean laundry can be picked up by showing a receipt at the Laundry Desk.

Fitness Centre

Operational Hours: 24 hours
Machine area and conditioning area will be available.
A selection of equipment suitable for the cycling athletes will be provided in a machine area.

Recreation Centre

Operational Hours: 10:00 to 22:00
Table tennis, lounge, etc are available.

Medical Services

Location: 1st floor of the Sympathique Hall
Operational Hours: 07:00 to 23:00
Medical station is located on the 1st floor of the Sympathique Hall in the Cycling Village for athletes and team officials during Games-time, and provides medical services such as primary care, physical therapy, and limited pharmacy services.

Dining areas

Location: 2nd floor of Sympathique Hall
Breakfast: 06:00 to 10:00
Lunch: 11:00 to 15:00
Dinner: 18:00 to 23:00
The Dining Hall serves a selection of warm and cold dishes during breakfast, lunch and dinner.
*Snacks such as bread and whole fruit, and drinks such as coffee are available between meals and late at night.

Transport Services

Operational hours: 07:00 to 22:00

TA services are provided in the load zone in front of the entrance on the 1st floor of Sympathique Hall. The operating hours of the load zone is from the departure of the first bus to the arrival of the last bus of the day. Timetables will be posted at the load zone. In addition, information is also available at the Transport Desk. Users will be checked for OIAC at the load zone before boarding. Transport within the Cycling Village is also provided. The circuit of the Cycling Village has seven stops and the bus leaves every 20 minutes from 06:00 to 23:00.

Grooms' Accommodation

During the Games period, grooms will be accommodated at the Grooms' Accommodation which consists of four buildings in the Equestrian Park. Veterinarians (one per NOC with Equestrian teams) will also be accommodated with no charge at the Grooms' Accommodation rather than the Olympic Village.

Resident Desk

Location: 1st floors of Accommodation 1 and Accommodation 2

Operational hours: 07:00 to 22:00.

Housekeeping Services

Every two days: rubbish collection, towel exchange

Every four days: bed linen exchange, bed-making, floor cleaning

Laundry

Operational hours: 24 hours (self-service laundry)

The laundry rooms is divided by gender in all four accommodations, and each laundry room has washing machines and dryers. Laundry detergent will be provided free-of-charge.

Recreation Centre

Operational hours: 10:00 22:00

Freely accessible during operating hours, and includes table tennis, etc.

Medical Services

Location: 1st floor of Indoor Arena and 1st floor of Accommodation 3

Operational hours: Will vary depending on the training day or the competition day.

The Medical Offices will provide necessary medical services to athletes and team officials. In case of emergency or if special treatment is required, the patient will be transported to the designated hospital.

Dining

Operational hours: Will vary depending on the training day or the competition day.

Breakfast, lunch and dinner are served at the Athletes' Dining Hall. Refreshments are served between meals. Food expenses are paid by NOC. Refreshments are available at the Athletes' Lounge.

Transport

Grooms with TA transport privilege can use TA service. Please refer to Transport Guide for more details. The TA bus load zone is located next to the Athletes' Dining. Grooms may use the TA service between the Equestrian Park and the Olympic Village from 13 July to 11 August 2021. A bus timetable is displayed at the TA load zone.

Sport Viewing Rooms

Sport Viewing Rooms (SVR) will be located in the Residential Zone of the Olympic Village. They will provide teams and athletes access to Olympic Broadcast Service (OBS) feeds of their competitions via Olympic Video Player (OVP) in order to assist with their training, analysis and preparations. The four Residential Blocks (Port, Park, Sea, Sun) in the Olympic Village consist of a number of apartment buildings, and on the ground floor of one of these buildings in every Residential Block there are three to four dual purpose bookable meeting rooms. The total number of bookable meeting rooms in the Olympic Village is 14. The size of these meeting rooms varies: the smallest caters for eight people while the largest can seat 54 persons, either as theatre layout (chairs only) or conference layout (chairs placed around U-shape arranged tables). Each room is equipped with a personal computer and a television, as well as tables, chairs and a white board. All rooms function as bookable meeting rooms as well as Sport viewing Rooms. The hours of operation hours are as follows:

Operational Period: 8 July 2021 (08:00) to 12 August 2021 (18:00)

Operational hours: 24 hours (Port, Park), 07:00-22:00 (Sea, Sun)

NOCs and athletes can book these rooms at Resident Centres or at the front desk of the NOC Services Centre. Reservations can be made up to 4 days in advance.

Olympic Video Player (OVP)

Users will be able to view live streaming of all events covered live by OBS, and sport sessions will then be available in full, on-demand. English language commentary is available for selected sessions. All live content is subsequently available as Video-on-Demand replays for the duration of the Games.

OVP will be available for use on a laptop with wi-fi internet connection and 32-inch monitor provided by Tokyo 2020 in the Sports Viewing Rooms in each residential building.

Technical filming

If a team wishes to do its own technical filming in a competition venue during competition, it may do so from the athlete or spectator seating areas using non-professional consumer video cameras. Teams may also film during training sessions using non-professional cameras.

Non-professional consumer cameras do not require stickers to be brought into venues, and clearance with OBS is not necessary. Any requests for positions outside of this area must be submitted in writing to OBS.

| Technical Filming at Competition Venues for Tokyo 2020 | | | | |
|--------------------------------------------------------|--------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------|
| Sport - Discipline | Venue | Venue footage recordings available at venue | Dedicated platform/ positions | Filming from stands |
| Aquatics - Diving | Tokyo Aquatics Centre | N/A | Only team members of competing athletes can access the positions in the dedicated area for coaches by the pool deck. Blue zone accreditation is required to access the area (Ac or Ao accreditations). | TBC |
| Aquatics - Water Polo | Tatsumi Water Polo Centre | N/A | Filming positions are available free of charge on a first come, first served basis. Only one member per NOC will be allowed at a given time. | TBC |
| Archery | Yumenoshima Park Archery Field | N/A | N/A | Allow to film from either: |
| Athletics - Track & Field | Olympic Stadium | N/A | N/A | - Athletes stands - Ao, Aa, Ac accreditation required |
| Athletics - Marathon | Sapporo Odori Park | N/A | N/A | OR - Spectator stands - ticket holder |
| Athletics - Race Walking | Sapporo Odori Park | N/A | N/A | No tripods will be allowed No power plugs and LAN connections are available |
| Badminton | Musashino Forest Sport Plaza | 1 copy of each match will be available to each NOC competing in the specific match 1 hour after the end of the match at the Sport Information Desk (SID). | N/A | N/A |

Request must be submitted at the SID after the end of each session until 23:00 of 4 August.</p> <p>The pick-up date/time/place will be informed by Sport Information Team at SID.</p> <p>NOCs are strongly encouraged to submit the request within the day of the competition.</p> <p>NOCs wish to receive the copy of the competition(s) must bring new USB memory devices per each session:</p> <ul style="list-style-type: none"> - Connection Interface: USB 3.0 - Capacity: 16GB (each session requires 16GB) - Wrapped in unopened package. | N/A | <p>Allow to film from either:</p> <ul style="list-style-type: none"> - Athletes stands - Ao, Aa, Ac accreditation required OR - Spectator stands - ticket holder <p>No tripods will be allowed No power plugs and LAN connections are available</p> |
| Wrestling | Makuhari Messe Hall A | N/A | N/A | |

Details for Artistic Swimming, Marathon Swimming, Swimming and Rowing are still to be confirmed.

Security

Tokyo 2020 is working with private and public security organisations to deliver a safe and secure Games.

Security sweep and lockdown

Security sweeps will be carried out at all competition and some non-competition venues to ensure the venues are clear of prohibited or dangerous items that may threaten security of the venues and its occupants. Venues will be considered clean and locked down after the security sweep is complete.

Throughout the lockdown period, individuals and vehicles will need an accreditation (OIAC) or a Vehicle Access and/or Parking Permit (VAPP) to enter a venue, and they will need to go through confirmation of access authorities, identification, and security screening. These security procedures are in place to keep unauthorised persons and prohibited goods out of the venues.

Confirmation of access authorities and identity verification will be conducted through facial recognition system installed in Accreditation Check Point (ACP).

This system will detect the identification data retrieved from database through an IC chip installed in the accreditation card. The system will automatically compare the stored data and facial features captured by the dedicated terminal at ACP to confirm access authority and identification. The facial feature data will be generated from the facial image submitted in advance at the time of accreditation application.

Vehicles will undergo a security inspection at the Vehicle Screening Area (VSA). Before entering the venue, the driver and passengers will need to get out of the vehicle and be screened at the adjacent PSA. Accreditation of the driver and passengers as well as the VAPP will be checked.

In addition, all logistics vehicles must be registered on the Master Delivery Schedule (MDS). The driver will need to present a valid OIAC and a VAPP. Delivery goods are subject to be screened in advance and sealed. A Secure Load Pass is also required to access the venue. Delivery goods will not be screened again at the venue, but still the drivers and vehicles will be screened.

Security at the Olympic Village

The Olympic Village will be surrounded by a secure perimeter fence and CCTV (Closed Circuit Television), and an intrusion detection system will be in place. Security personnel will also patrol the Olympic Village 24 hours a day. Security related information collected through above mentioned operations will be managed at the Venue Security Command Centre (VSCC) located inside the Olympic Village. VSCC will cooperate with the Games Security Coordination Centre (GSCC) and the Main Operations Centre (MOC).

Pedestrians entering the Olympic Village will be required to go through an accreditation check and identity verification through facial recognition system and security screening by X-ray and metal detector at the PSA. The accreditation check and security screening will be conducted every time upon entering the Olympic Village.

Security at competition venues

The same security procedures at the Olympic Village will also be implemented at all competition venues. All pedestrians and vehicles will be required to present an appropriate accreditation or VAPP and go through a security check to access the venue.

Security at training venues

Training venues are not subject to lockdown like competition venues. There will also be no PSA or VSA. Security personnel will patrol the training venues and pedestrians will be required to show their accreditation or Training Access Pass (TAP) at the venue entrance.

Transport and security

All TA buses will be equipped with tracking devices, enabling the transport system for athletes and team officials (TA) to be monitored during transit. The TA services between the Transport Mall at the Olympic Villages to and from competition venues will operate from within one secure perimeter to another in principle (clean-to-clean transport). When taking the TA vehicle to a competition venue, athletes and team officials can remain on the vehicle while the TA vehicle goes through a brief external screening at the VSA. However, athletes and team officials returning from competition and training venues to the Olympic Village will need to exit the TA vehicle at the Transport Mall and go through the PSA to enter the Residential Zone. All vehicles other than TA vehicles must go through a security screening at the VSA. Drivers and passengers should get out of the vehicle and go through a security screening at the adjacent PSA.

Prohibited and restricted items at venues

The list of prohibited and restricted items at competition venues and the Olympic Villages is available on Tokyo 2020 Connect. Please note the list is subject to change.

| 21 | Unauthorised flyers, pamphlets, promotional materials ·Commercial items that can be used for ambush marketing | ○ | ○ | × | × | × |
| 22 | Large-scale luggage items | ○ | ○ | ○ | ○ | R ·Luggage capacity up to 25 litres per person |
| 23 | Umbrellas ·Stick umbrellas ·Umbrellas with sharp pointed ends | ○ | ○ | ○ | ○ | ○ |
| 24 | Chairs including folding chairs | ○ | ○ | × | × | × |

| No. | Items | Athletes-NOC/NPC | Workforce | Guests |
|-----|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------|---------------------|
| 25 | Items which may interfere with the operations of the Games ·Whistles, vuvuzelas, air horns, musical instruments etc., instruments that produce excessive noise ·Laser pointers ·Confetti or paper to be used as confetti ·Sports equipment and accessories ·Sprays, water-guns | R ·Items for entertainment such as musical instrument ·Sports equipment T ·Laser pointers to be used in meetings | T ·Laser pointers to be used by contractors in meetings | × × |
| 26 | Photographic devices ·Camera lenses of 30cm or longer ·Tripods and monopods for cameras ·Stepladders of 30cm or higher | ○ | × | R ·Camera lenses |

In addition to the list mentioned above, items that resemble prohibited items (replicate guns, explosive lookalikes, white powder resembling illegal medicine and so on) are prohibited regardless of whether such items are dangerous or illegal. Prohibited items that are required by athletes and team officials for specific Games related activities will be classified as “Tools of the Trade” and excluded from prohibited items.

Sustainability

The Tokyo 2020 Organising Committee of the Olympic and Paralympic Games values the concept of sustainability and aims to share ideas around the world on how to actively contribute to a sustainable society.

The sustainability concept of the Games is “Be better, together - for the planet and the people”. Tokyo 2020 aims to contribute to the realisation of the United Nations Sustainable Development Goals by implementing and showcasing sustainability solution models in Japan; this will be done through the delivery of the Games for the future of the earth and its people.

Tokyo 2020 will share Olympic Games sustainability knowledge and best practices to future Olympic Games hosts and event organisers, in Japan and overseas.

Tokyo 2020 athletes have an important involvement in this project. This is a once-in-a-lifetime opportunity to showcase the efforts being made regarding climate change, resource management, biodiversity, human rights, diversity and inclusion and social engagement.

With this in mind, Tokyo 2020 appreciates your cooperation, for example, in turning off lights when leaving a room, and the engine while the vehicle is parked or stopped or in promoting diversity and inclusion within your teams and at Tokyo 2020 venues.

Tokyo 2020 would also like to advise clients to comply with relevant laws prohibiting the international trade of endangered species. In particular, be aware that exporting ivory from Japan is illegal despite it being domestically available.

Tokyo 2020 aims to recycle resources thoroughly, with the aim of “zero waste”. Garbage bins will be provided to allow waste separation at the Olympic Villages, competition, and non-competition venues. Tokyo 2020 will promote waste separation to maximise the recycling of resources. Visitors to the Olympic Games should look at the labels on garbage bins when discarding waste.

Leave no leftover food, do not waste water and bring your own eco bag, in the true Japanese *mottainai* spirit.

Mottainai means “waste is regrettable” and embodies the motto of reduce, reuse and recycle. There is a *mottainai* spirit in Japan, which from long ago has encouraged Japanese people to use things up to avoid waste.

Electricity and sockets

The voltage in Japan is 100V while the frequency is 50Hz/60Hz in Japan and 50Hz in Tokyo. Power in the Olympic Village is supplied at nominal voltage of 100V with 15A sockets. The sockets, as illustrated, will be used in all buildings and are compatible with A type plugs (the type with a two flat pins). Multi-region adaptors will not be provided to Village residents but will be available to purchase at nearby convenience stores. Foreign appliances will most likely require adapters and/or transformers.

Essential information

Time Zone

Tokyo is nine hours ahead of GMT, with no daylight-saving time. In summer, the sun rises between 04:30 and 05:00, and days stay light until around 19:30.

Language

Standard Japanese is the main language in Japan, but Tokyo is becoming a much more foreigner-friendly city. Especially in the major tourist areas, English can be generally understood.

Money

The yen (JPY, ¥) is the currency of Japan. Bills come in denominations of 10,000, 5,000, 2,000, and 1,000, although 2,000 bills are rare. Coins come in denominations of 500, 100, 50, 10, 5 and 1.

Banks and ATMs

If you want to withdraw money from your own account in yen, many international banks have at least one Tokyo branch, so check beforehand if yours does. Most major Japanese banks now accept international cards at their ATMs, as do the Japan Post Bank ATMs found in post offices. ATMs can also be found inside most convenience stores and shopping centres.

Changing money

Money can be exchanged at currency exchange counters located mainly at banks, post offices, hotels and airports. As of 26 May 2021, USD1 = JPY108.81.

Credit cards

Most major credit cards are accepted at major stores and facilities. When checking in to a hotel, they serve as identification in lieu of a cash deposit. Note, however, that some facilities do not accept credit cards at all, and others may accept only certain types, so carry some cash at all times. Tokyo 2020 is proud to accept only VISA payment cards (debit and credit) at shops and services within the Olympic and Paralympic venues.

Tipping

There is no tipping culture in Tokyo, so the final bill you receive at cafes, bars and restaurants is the final price that you need to pay. In some restaurants, a fixed percentage service charge is added to the bill.

Tap water

Tokyo's tap water is completely safe to drink and conforms to strict quality regulations. Bottled water is also available at convenience stores and out of the seemingly endless number of vending machines.

Free Wi-Fi Services

Free Wi-Fi is becoming increasingly available throughout the city. Many major hotels, coffee shops, restaurants and public facilities offer a free Wi-Fi service. However, for guaranteed internet access wherever you roam, pocket- Wi-Fi devices are available for rent from kiosks at the airport or pick up a travel sim to fit into your existing phone.

Tokyo Free Wi-Fi

Where: Around Tokyo

How: Select the 'FREE_Wi-Fi_and_TOKYO' SSID, launch your web browser, tap "Access the Internet here" and follow the instructions on the screen.

Metro Free Wi-Fi + Toei Subway Free Wi-Fi

Where: 210 subway stations in Tokyo

How: Select the 'Metro_Free_Wi-Fi' or 'Toei_Subway_Free_Wi-Fi' SSID, launch your web browser, and follow the instructions on the screen.

Tokyo 2020 will provide Samsung smartphones to all Olympic and Paralympic athletes. The smartphone will have an NTT Docomo SIM card already included with the mobile phone's 4G/3G Mobile Internet access (2GB limit) and domestic calls.

Telephone Services

The country code for Japan is 81. When calling from outside of Japan, dial the international dialing access code, which differs by country, then dial 81. If the number you wish to call starts with a zero, omit the zero and dial the rest of the number. When making an international call from Japan, dial the international dialing access code (010), then dial the country code of the country you are calling. If the number you wish to call starts with a zero, omit the zero and dial the rest of the number.

When you make a domestic call inside Japan, just dial the desired number.

Emergency

Emergency phone numbers

If you find yourself in need of assistance, dial the appropriate number from below:

Police 110

Police (English) 03-3501-0110

Fire emergency/ Ambulance 119

Tokyo Metropolitan Medical Institution Information (09:00-20:00) 03-5285-8181

The Japan Helpline (24-hour all-round emergency assistance) 0570-000-911

Useful Apps

In addition, Tokyo Metropolitan Government and Japan Tourism Bureau have also launched mobile device applications such as the 'Tokyo Disaster Prevention App' and 'Safety Tips'.

Local Police stations

On most street corners, small police boxes - known locally as 'Koban' - support the local area. Drop in for directions, lost and found, or any traffic related incidents.

Olympic Village

Operations

- Super Resident Centre (24 hours)
- Resident Centre (07:00-22:00)

WHO IS THIS PLAYBOOK FOR?

| | |
|-----------------------------------------------------|------------------|
| Athletes | (Aa) |
| Alternate Athletes | (Ap) |
| Team Officials and Additional Team Officials | (Ao, Ac and ATO) |
| Training Partners, Personal Coaches and TAP-Holders | (P) |
| Athlete Competition Partner for Paralympic Games | (Ab) |
| Chief Team Physician for Paralympic Games | (Am) |
| Village Administration Passes | (NOC, NPC) |
| Athlete Chaperone | (NOC, NPC) |

STRONGER TOGETHER

This version of the Playbook is published with just over one month to go to the Olympic Games and two months until the Paralympic Games Tokyo 2020. Qualification is coming to an end; the first athletes have already arrived for pre-Games training, getting ready for the competition that marks the pinnacle of their career.

The International Olympic Committee (IOC), International Paralympic Committee (IPC), Tokyo 2020 Organising Committee (Tokyo 2020), the Tokyo Metropolitan Government (TMG) and the Government of Japan continue to work tirelessly alongside the world's leading experts in health and sport event delivery to finalise and put in place the necessary COVID-19 countermeasures that will enable the Games to take place safely.

The 'safety first' rules are there to protect you, all Games participants and the people of Tokyo and Japan.

But the success of the Games depends on every single one of us taking responsibility for following the Playbook at all times – starting now.

Make sure you read this Playbook carefully and understand how it applies to you – including screening testing, restrictions on where you can go, who you should spend time with, hygiene, mask wearing and physical distancing measures.

Your COVID-19 Liaison Officer (CLO) has been appointed and will be providing you with ongoing support. Ask them if you have any questions or concerns. Further detailed documents, as well as online Q&As, will continue to be available as we get ever-closer to the Games.

We know that overcoming the continued challenges will require flexibility and commitment to follow the measures outlined in the Playbook. We want to thank you sincerely for your resilience and solidarity as you continue to live the values of Excellence, Respect and Friendship. **#StrongerTogether** we will experience Games like no other.

Kirsty Coventry

Chair of the IOC Athletes' Commission and Member of the Coordination Commission for the Games of the XXXII Olympiad Tokyo 2020

Robin Mitchell

Acting President of the Association of National Olympic Committees and Member of the Coordination Commission for the Games of the XXXII Olympiad Tokyo 2020

PRINCIPLES

The COVID-19 countermeasures described in the Playbook are designed to create a safe Games environment for all Games participants. Equally, they offer an additional layer of protection for our hosts, the residents of Japan. You must fully adhere to the Playbook in the 14 days before you travel, throughout your journey and throughout your time in Japan – keeping your interaction with non-Games participants to a minimum.

MASK WEARING

Wear a face mask at all times to protect you and everyone around you. Masks help prevent the spread of COVID-19, as they catch droplets exhaled by an infected person. By wearing a face mask at all times – except when eating, drinking, training, competing or sleeping – you’ll help keep the Games safe for everyone.

MINIMISE PHYSICAL INTERACTION

COVID-19 is transmitted through infected droplets in our breath exhaled by coughing, sneezing, talking, shouting or singing – and is passed from person to person when we are in close contact. The risks of catching COVID-19 grow in crowded, poorly-aired spaces and when we spend time in proximity to those who are infected with COVID-19. That is why it is important to minimise social interaction, wear a mask, and avoid the 3Cs: spaces that are confined/enclosed, crowded or involve close contact.

#1

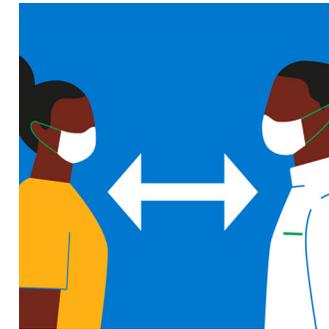

Keep physical interactions with others to a minimum (and don't forget to wear your mask!)

#2

Avoid physical contact, including hugs and handshakes

#3

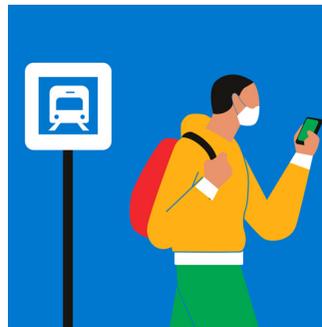

Keep two metres' distance from athletes and at least one metre from others, including in operational spaces

#4

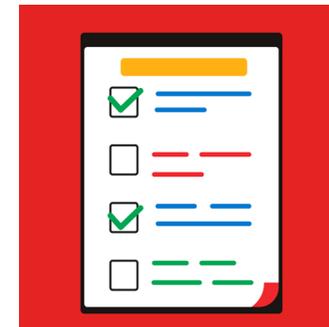

Avoid enclosed spaces and crowds where possible

#5

Use dedicated Games vehicles. Do not use public transport unless it is the only option to reach certain locations such as remote venues

#6

Only carry out the activities submitted in your Activity Plan, at places on the list of permitted destinations

TEST, TRACE AND ISOLATE

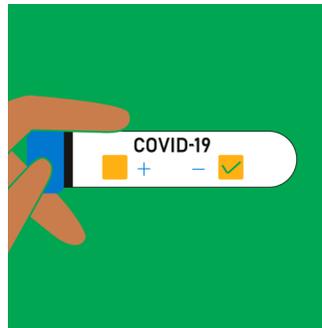

To stop the spread of COVID-19, it is vital to break the chain of human-to-human transmission. That is why it is important to have stricter protocols to identify who has the COVID-19 virus as early as possible, through testing; to understand who the virus might have been passed to, through contact tracing; and to use isolation and quarantining to stop the virus from spreading further.

#1

Download health reporting application 'Online Check-in and Health report App' (OCHA), and Japan's smartphone Contact Confirming Application (COCOA) and familiarise yourself with any other technology solutions which may be used to support COVID-19 countermeasures

#2

Get tested and provide proof of negative results before you depart for the Games. You will be tested again when you arrive at the airport in Japan

#3

Have regular screening tests for COVID-19 during the Games, as required for your role

#4

Get a test if you experience any symptoms or are told to by the Japanese health authorities. If your test is positive, you will need to isolate

Who is a close contact?

Close contacts are those who have prolonged contact (for 15 minutes or more) with a person who has a confirmed positive COVID-19 test, within one metre, without wearing a face mask. This is particularly applicable when such contact happens in enclosed spaces such as hotel rooms or vehicles.

Close contact cases will be confirmed by the Japanese health authorities, based on information provided by you, your organisation and Tokyo 2020.

THINK HYGIENE

COVID-19 can live on everyday surfaces through droplets exhaled by an infected person. If we touch those objects with our hands and then touch our eyes, nose or mouth, we run the risk of becoming infected. That is why we must not forget the basics of good hygiene – regularly and thoroughly cleaning our hands, disinfecting surfaces, avoiding touching our face, and wearing a face mask at all times. Please practise thorough hygiene measures as outlined below throughout your stay in Japan.

#1

Wear a face mask
at all times

#2

Wash your hands regularly
and use hand sanitiser
where available

#3

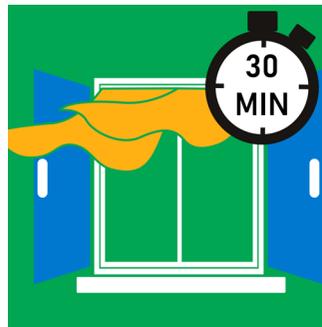

Support athletes by
clapping instead of
singing or chanting

#4

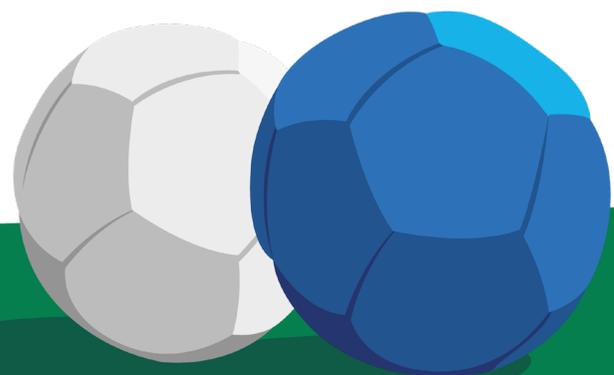

Avoid using shared
items where possible,
or disinfect them

#5

Ventilate rooms
and common spaces
every 30 minutes

YOUR JOURNEY

INTRODUCTION

The Playbooks are the basis of our game plan to ensure all Olympic and Paralympic Games participants and the people of Japan stay safe and healthy this summer. They have been developed jointly by Tokyo 2020, the IOC and the IPC in close collaboration with the Government of Japan and the Tokyo Metropolitan Government (TMG). They are also based on the extensive work of the All Partners Task Force and collaborations with scientific experts and organisations from across the world.

This Playbook sets out the responsibilities of athletes and team officials, and should be considered alongside wider information received from your National Olympic Committee (NOC)/National Paralympic Committee (NPC) (for example the Athletes and Team Officials Guide, Team Leaders Guide, Sport Entries Manuals, Period of Stay Guidelines, etc.) They will be regularly uploaded and updated as necessary between now and the Games.

The rules apply in the same way to every athlete and official, regardless of your sport or where you are living – just as they apply to all other Games participants.

Please take time to understand the plans, the steps you must take and the rules you must follow. It's crucial that you take personal responsibility for your part in the plan: you play a critical role in the delivery of a safe Games. As athletes and team officials, you will set the standard.

COVID-19 Liaison Officers (CLOs)

All CLOs have been appointed. Your CLO should have introduced themselves to you as they will be responsible for helping you complete all the necessary documentation before you travel to Japan. Your CLO will be in contact with you regularly using your organisation's standard communication channels; ask them if you have any questions or concerns about the Playbook. Your CLO is responsible for ensuring that you understand the contents of and the importance of complying with this Playbook.

The CLOs will be provided with detailed guidance and further information for their role and will work alongside the Tokyo Infectious Diseases Control Centre (IDCC) and the IOC/IPC COVID-19 Support Unit (ICSU).

It is requested that the CLO be on-site in Japan for the full duration of your delegation's stay.

+ COVID-19 support: IDCC and ICSU

- IDCC is coordinating the COVID-19 operations before, during and after the Games, acting as the information hub. They will manage decisions in the case of positive or inconclusive COVID-19 test results – for both those who are infected and confirmed close contacts
- ICSU is working alongside the IDCC, helping Tokyo 2020 and international Responsible Organisations (RO) operate in the context of COVID-19. ICSU will assist Tokyo 2020 to support CLOs and the Results Advisory Expert Group (RAEG) (see page 58), and resolve COVID-19 related matters as required, including alleged infringements of the Playbook. See pages 68-69 for more information

INTRODUCTION

Sport-specific countermeasures

You can find an overview of the general principles that apply to sport countermeasures at the Games on page 50. Sport-specific countermeasures are detailed in the 'Athletes and Team Officials Guide', 'Team Leaders Guide' and 'Technical Officials Guide'.

When do the rules apply?

As outlined in each section, rules apply in the 14 days before you travel, during your journey, throughout your time in Japan and until your arrival at home – including wearing a face mask at all times, washing your hands and using hand sanitiser regularly.

This Playbook describes the measures for entry to Japan from 1 July. Those entering Japan with a Pre-Valid Card (PVC) must comply with the Government of Japan measures required at the time. A PVC is a valid entry document, in conjunction with the other documents listed in this Playbook. See 'Before you travel', page 13.

The Playbook measures will be implemented progressively as we get closer to the Games; your NOC/NPC will be provided with details of the dates.

Rules are subject to change

This Playbook is written under the current understanding of the IOC, IPC and Tokyo 2020, based on the current measures and requirements in force in Japan and the foreseen situation at the time of the Olympic and Paralympic Games.

⊕ Changes may need to be made to countermeasures in the future, in collaboration with the Government of Japan and the TMG, to ensure any other evolution of conditions and regulations in Japan are fully taken into account.

Border measures may be strengthened upon entry to Japan in relation to the handling of COVID-19 variants of concern. The Government of Japan may implement additional restrictions, for Games participants from designated countries. Please work with your CLO to keep up to date with the latest information.

BEFORE YOU TRAVEL

⚠ Read this Playbook thoroughly

Before you travel, make sure that you have understood the Playbook and the importance of fully complying with the rules contained within. See 'Compliance and consequences,' page 68.

- **Support from your CLO before you travel**

- Your CLO is responsible for ensuring that you comply with the Playbook
- They'll help you if you have problems downloading or installing required smartphone apps
- They'll submit your Activity Plan to Tokyo 2020 and supply you with the 'Written Pledge' if needed
- They'll help you prepare a list of regular contacts for your time in Japan
- If you test positive for COVID-19 before your departure, inform your CLO immediately
- If you have any questions or concerns about any of the measures, now is the time to ask!

BEFORE YOU TRAVEL

Your journey does not begin at the airport. Ensure you take time to read and understand this version of the Playbook thoroughly. If you have any questions, contact your NOC/NPC or CLO well in advance before the Games.

The rules related to entry to Japan are in accordance with Japanese authorities' requirements. They apply from 14 days before your travel and throughout your journey to Japan; it's important to adopt the right mindset in this period.

Further changes may be made to procedures for entry into Japan in collaboration with the Government of Japan, based on the latest situation.

- **You will be required to have medical treatment and repatriation insurance (including cover for COVID-19) covering the entire period of your stay in Japan**
 - For athletes and team officials, Tokyo 2020 will provide this insurance, only for the period between Village pre-opening and closing dates (Olympic Village: July 7 – August 11, Paralympic Village: August 15 – September 8). Please note that this insurance only covers costs incurred in Japan
 - As per standard Games practice, NOCs/NPCs should source their own insurance for members of their delegations outside these dates
- ⊕ **Enter your flight information into the 'Arrivals and Departures Information System' (ADS)**
 - If you're unable to obtain seats on preferred flights to Japan, please submit desired flight details through ADS as a request. Tokyo 2020 will use this information to work with the Government of Japan and airlines to secure additional seats where possible
 - If there are changes to any of your planned flights, enter your updated flight information in ADS immediately
- **If you are attending a pre-Games Training Camp in Japan or a post-Games Host Town exchange programme:**
 - Read and understand the Host Town's Reception Manual, which will outline further local measures
 - Your NOC/NPC must confirm its compliance to these measures at least one month before departure
 - In principle, your destinations will be limited to your accommodation, training facilities and exchange programme locations. Public transport cannot be used unless it is the only option to reach certain locations, such as remote venues
 - NOCs/NPCs are required to secure agreements with facility owners and the municipality in charge of accepting athletes to hold a pre-Games Training Camp or a Host Town exchange programme

BEFORE YOU TRAVEL

- ④ **You are strongly encouraged to stay in official accommodation provided by Tokyo 2020**
 - Self-arranged accommodation facilities will need to be certified by Tokyo 2020 to ensure that they comply with the accommodation guidelines, which stipulate the requirements for COVID-19 countermeasures and movement restrictions. Tokyo 2020 will work with respective local municipalities/health authorities to obtain their understanding and cooperation
 - Confirm with your CLO that your accommodation is approved/certified by Tokyo 2020 before including it in your Activity Plan
 - In principle, private lodgings, private homes and accommodation facilities used by a very limited number of stakeholders cannot be recognised as accommodation facilities meeting the requirements, unless certified by Tokyo 2020. It would be difficult to thoroughly avoid contact with residents of Japan and/or those from overseas who have been in Japan for more than 14 days at these facilities
- If you are required to change accommodation that you have already booked in order to comply with the guidelines, Tokyo 2020 will find suitable new accommodation for you
 - In principle, the new accommodation will be provided at reasonable rates. All parties will discuss in good faith to find the best possible solution from an operational and financial standpoint
 - Accommodation facilities will be supervised on a regular basis to ensure the locations and guests follow the accommodation guidelines and meet the requirements of COVID-19 countermeasures and movement restrictions
- **Monitor your health daily for the 14 days before arrival in Japan**
 - Take your temperature daily
 - Proactively monitor your personal health for any other COVID-19 symptoms. [See WHO guidelines on COVID-19 symptoms](#)
- **If you experience any symptoms of COVID-19 in the 14 days before arrival**
 - Do not travel to Japan
 - Consult with a medical professional for next steps
 - Inform your CLO
- **Make sure you have a Pre-Valid Card (PVC),** which will be validated to become your Olympic Identity and Accreditation Card (OIAC)/Paralympic Identity and Accreditation Card (PIAC)
 - In the exceptional case that your PVC has not arrived, five days before your departure, contact the Tokyo 2020 PVC Support Desk via your CLO. They will obtain an Invitation letter for you to use for entry. Bring the Invitation letter in addition to all the necessary documents when you enter Japan.

TEST, TRACE AND ISOLATE

- **Complete an Activity Plan***

- Work with your CLO to finalise your planned and possible destinations
- They will submit your plan to Tokyo 2020 for approval by the Japanese authorities
- It will be very difficult to request changes once approved, so it is important to be as comprehensive as possible when submitting
- If your date of entry changes due to unavoidable circumstances, such as change of flight, immediately contact your CLO to ensure the updated information is reflected in the Activity Plan

*More information on the Activity Plan template and details of timing for submitting the plan have been communicated to your NOC/NPC

- **Your Activity Plan must include:**

- Personal information (name, registration number of accreditation card, flight number, date of entry to Japan, arrival airport in Japan, country of departure, planned date of departure, sex, date of birth, nationality, passport number, NOC/NPC etc.)
- Accommodation address
- All planned and possible destinations – restricted to official Games venues and limited additional locations, as defined by the list of permitted destinations
- If you must use public transport (air and bullet trains): date, time and reason

- **Make sure you know the latest information on COVID-19 testing and certificates needed by your airline, for any transit countries and for entry into Japan. [See advice of the Government of Japan](#)**

TEST, TRACE AND ISOLATE

- **If you are arriving in Japan from 1 July onwards, take two COVID-19 tests on two separate days within 96 hours of the departure of your flight to Japan** (first international flight if you are on an indirect route). At least one of the two tests must be taken within 72 hours of departure
 - Tests must use one of the methods listed on the [‘Certificate of Testing for COVID-19’](#) designated by the Japanese authorities
 - Currently, approved test types include a Nucleic Acid Amplification Test (real time RT-PCR, LAMP, TMA, TRC, Smart Amp, NEAR), Next Generation Sequence and Quantitative Antigen Test* (CLEIA)
 - A list of approved testing providers will be provided to your CLO separately. If the list does not include a convenient provider, your CLO can liaise with Tokyo 2020 to add providers to the list
- **Obtain negative COVID-19 test results certificates.** To comply with the requirements of the Government of Japan, please use their [designated certificate format](#), or one which includes the necessary information, as follows:
 - Date of issue, name, passport number, nationality, date of birth, sex, sample type, testing method, test result, test result date, specimen collection date and time, name and address of medical institution, doctor’s signature
 - ⊕ - If using a standard certificate from an approved testing provider and some of the required information is not on the certificate – for example, if it doesn’t include a doctor’s signature – it can still be accepted. Check with your CLO; if necessary, they will contact the Japanese embassy or consulate in your country to confirm options and whether enough information has been provided

*Not a qualitative antigen test

- ⊕ **Inform your CLO that you have both negative COVID-19 test certificates**

What negative test certificates are needed for

- Bring both your negative test certificates with you to Japan
- Certification from a test taken within 72 hours of departure will be needed at check-in/to board your flight, without it you will not be allowed to fly. You will also need to show it to the Quarantine Officer and/or at immigration control when you arrive in Japan
 - This can either be as a hard copy or showing a PDF of it uploaded to OCHA on your phone
- Certificates may also be used during the Games to support decisions in the instance of positive COVID-19 cases and potential close contacts

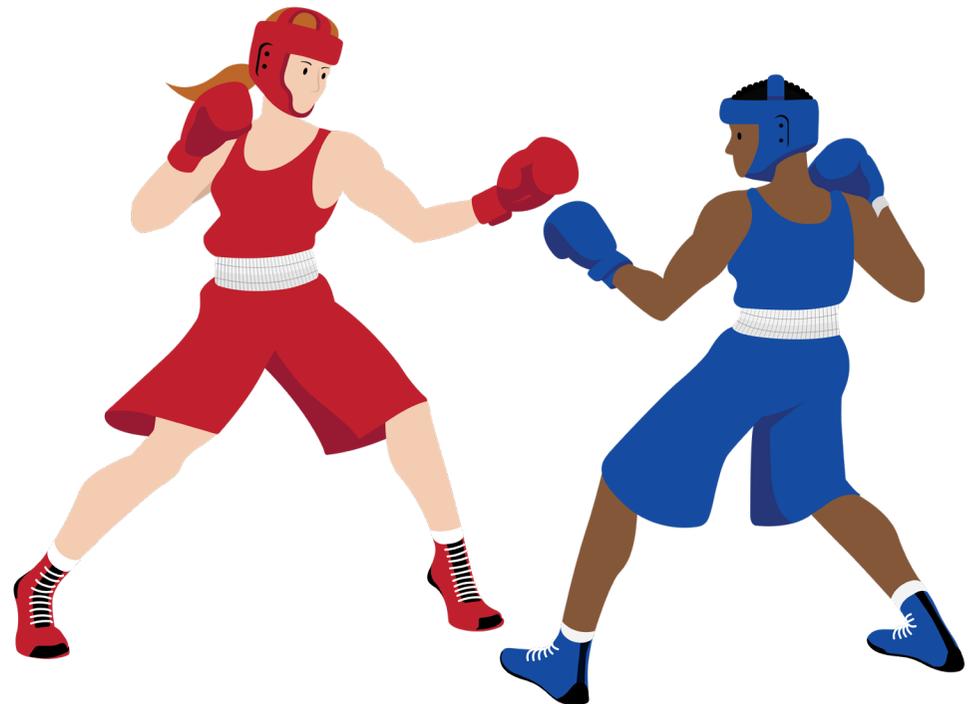

TEST, TRACE AND ISOLATE

- **If a COVID-19 test is positive:**
 - Immediately begin self-isolation in line with local rules
 - Contact your CLO, who will record your symptoms, test results and close contacts, as well as inform Tokyo 2020 and agree on next steps
- **Download and install the Online Check-in and Health report App (OCHA)** – scheduled to be released at the end of June
 - If arriving in Japan from 1 July onwards, enter all necessary information onto OCHA before departure, including a certificate of a negative COVID-19 test taken within 72 hours of departure (PDF only)
 - You will need to show a specific OCHA screen at check in/boarding and to the Japanese quarantine authorities on arrival. Without this, you will not be able to board or enter Japan
- **Download and install the Contact Confirming App (COCOA)**
- **Inform your CLO once you have installed the apps and entered all necessary information.** If you have any problems, ask them
 - If your phone does not support OCHA, immediately contact your CLO. Your CLO will send you the 'Written Pledge' separately and arrange for you to rent a smartphone at the airport. Your NOC/NPC will be given more details when confirmed. See 'Smartphone applications', page 62
- ⊕ **Bring any relevant medical information with you to the Games to help assess potential complex COVID-19 cases** if you test positive during screening testing or are a confirmed close contact, such as:
 - Vaccination status (number of doses, date of vaccination[s] and vaccine type/brand)
 - Prior history of COVID-19 tests (test result, date of test and test type: PCR/antigen/other)
 - Presence of antibodies (date of antibody test, result, testing platform for information on viral target, titre/quantitative result, if applicable)
- Relevant medical history, including any known risk factor for severe COVID-19 ([for example, WHO list of non-communicable diseases](#)) that may impact prioritisation for re-testing and/or re-testing requirements, if identified as a potential close contact

TEST, TRACE AND ISOLATE

- **If you enter Japan before 1 July**

- Only one test taken within 72 hours of departure is needed
- Your CLO will give you the 'Written Pledge'; you will need to show this at Japanese immigration
 - The 'Written Pledge' is a document required by the Government of Japan. Signed by Tokyo 2020, it states that they take responsibility for your visit and will ensure you comply with the Playbook rules. Your signature is not needed on this document
- Fill in the Japanese authorities' ['Questionnaire web'](#)
 - Details required include accommodation in Japan, contact information and results of health monitoring for the 14 days before departure
 - When you submit the form, you will be given a QR code. Either take a screen shot or print it out, ready to show at Japanese immigration
- Please note, OCHA will replace the 'Written Pledge' and 'Questionnaire web' once it is available

SOCIAL

- **Keep your physical contact with other people to a minimum** during the 14 days before you travel to Japan
- **Prepare a list of the people you will spend time with regularly** while in Japan (format to be agreed with your CLO), for example, your roommate, coach, physiotherapist and immediate members of your team
 - Share the list with your CLO, who will use it to help with contact tracing if required

THINK HYGIENE

- **Follow good hygiene practice** – including washing your hands regularly or using hand sanitiser, and always wearing a face mask
- **Make sure you have access to enough masks to last throughout your stay in Japan.** Your NOC/NPC is responsible for providing you with masks. Please check with your CLO to ensure you have access to them for the duration of the Games
 - Follow WHO recommendations on mask wearing
 - You are recommended to use non-fabric masks where possible. If using fabric masks, ensure that they can be washed in high temperatures regularly, with at least two but ideally three layers:
 - Inner layer of absorbent material, such as cotton
 - Middle layer of non-woven material, such as polypropylene
 - Outer layer of non-absorbent material, such as polyester or polyester blend
 - Check the manufacturer’s recommendations and health certification of the product
- **Note:**
 - You will need to replace your masks as soon as they become damp and wash them once a day. You may use more masks than usual in hot and humid weather
 - Please also be aware of guidelines regarding 'Authorised Identifications' related to face mask branding. [See WHO guidance on wearing a mask](#)

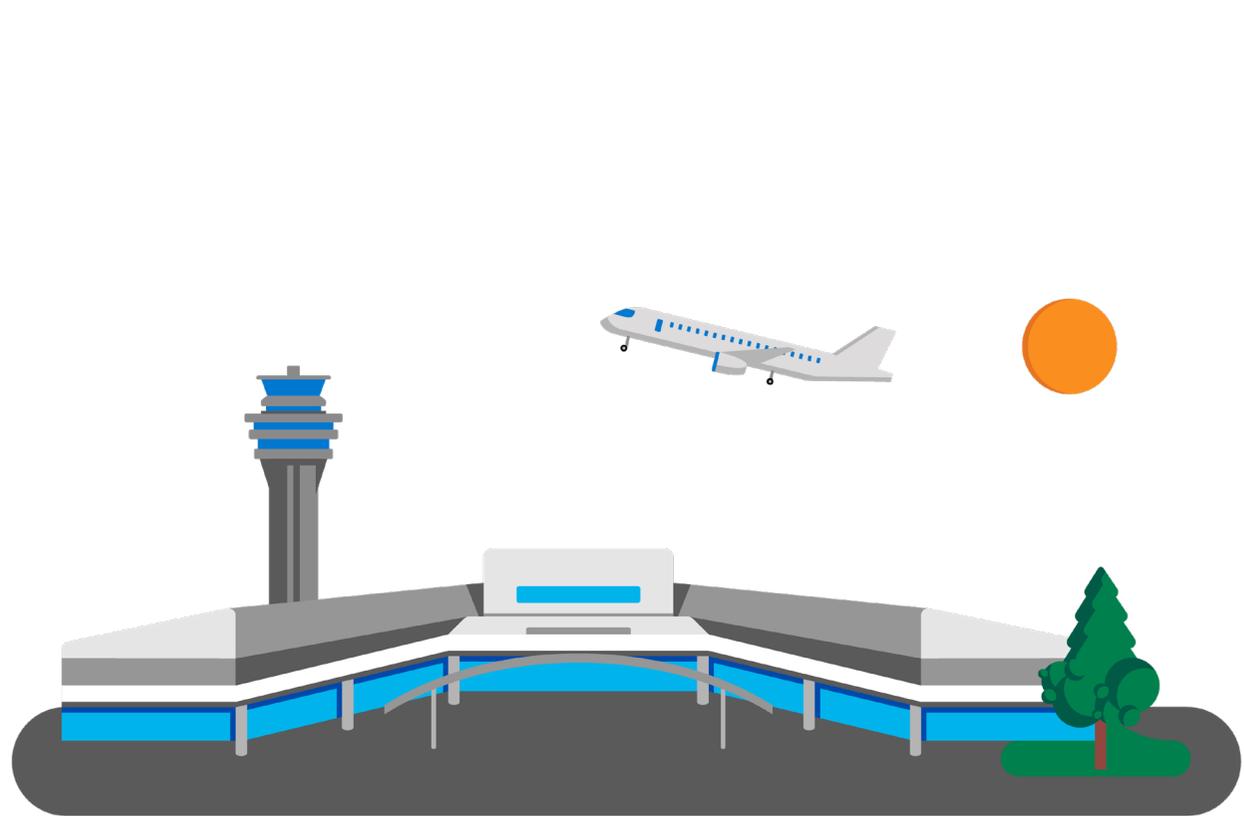

ENTERING JAPAN

When you arrive, you must observe the instructions of the Japanese authorities and the following protocols at the airport and for your onward journey.

Physical distancing and good hygiene measures must be followed throughout your time in Japan.

Further changes may be made to procedures for entry into Japan in collaboration with the Government of Japan, based on the latest situation.

- **Support from your CLO when entering Japan**
 - If you test positive for COVID-19 on arrival or experience any symptoms, immediately inform your CLO by phone

TEST, TRACE AND ISOLATE

On arrival at the airport*

- **Activate the COCOA and OCHA apps** and turn on Bluetooth; prepare a specific screen of OCHA to present to the Quarantine Officer
 - Turn on location information services and location history on your smartphone, which may be needed for contact tracing or activity tracking/tracing. Japanese authorities will be checking the apps are downloaded, showing a specific screen and location tracking functionalities are activated during your arrival process. For details, see 'Smartphone applications', page 62
- **Show the Quarantine Officer a specific screen of OCHA on your phone**
 - Please note that only having downloaded OCHA is not sufficient
- ⊕ **Take a quantitative saliva antigen COVID-19 test on arrival**
 - Your results will be processed while you go through immigration and collect your luggage
 - Do not eat, drink, smoke, brush your teeth or use mouthwash within 30 minutes of arrival and your test, to avoid inaccuracy in the results
- **Be ready to show:**
 - Your PVC (OIAC/PIAC), along with your passport or other travel certificate associated with your PVC
 - Negative COVID-19 test results from a test taken within 72 hours of departure (hard copy or via OCHA); without this you will not be allowed to enter Japan
 - **If arriving before 1 July:**
 - 'Written Pledge' by Tokyo 2020 (hard copy). Without this you will be required to quarantine for 14 days
 - 'Questionnaire Web' QR Code (hard copy or screen shot)
 - **If arriving from 1 July onwards:**
 - Specific screen of OCHA
 - Any additional documents filled out on the airplane and/or at airport
- **Wait in the airport for your test results**
 - **If your results are negative**, go straight to your transport as directed
 - **If your test results are positive**, you will be taken by dedicated transport to the COVID-19 Clinic at the Olympic and Paralympic Village for a confirmatory nasopharyngeal PCR test
 - **If your PCR test results are confirmed positive** you must isolate or receive medical treatment in hospital, in accordance with the instructions of the Japanese health authorities.
 - Immediately inform your CLO by phone; they will consult with Tokyo 2020, or with Host Town authorities if you are at a pre-Games training camp

For more information on isolation, see 'At the Games – Test, trace and isolate', page 30

*Please note, the sequence at the airport may change during peak arrival periods

TEST, TRACE AND ISOLATE

- **If you experience any symptoms of COVID-19**
 - Immediately inform your CLO by phone; they will consult with Tokyo 2020, or with Host Town authorities if you are at a pre-Games training camp.
[See WHO guidelines on COVID-19 symptoms](#)
- **Quarantining on arrival and for the first three days.** You must quarantine at your accommodation on arrival (the day of arrival is considered day 0) and for the next three days
 - However, as athletes and officials, you will have permission to perform your Games-related activities during these three days, if:
 - You test negative for COVID-19 every day; and
 - You operate under a higher level of supervision by Tokyo 2020, which may involve use of GPS data (subject to your consent) or direct supervision where necessary, to confirm your movements
 - Your other option is to be quarantined at your accommodation on arrival and for the next 14 days
- **If you are attending a Pre-Games Training Camp,** testing implemented by Host Towns is expected to be daily. You will be tested for COVID-19 on arrival at the Olympic and Paralympic Village. The same rules apply to Satellite Villages and other athlete accommodation

SOCIAL

- **Follow the instructions of Tokyo 2020 and your NOC/NPC**, and move as quickly as possible through the airport
 - Do not stop to visit any shops or services, other than the Accreditation Validation Counter
 - Use the Games-specific lanes provided at official airports to minimise contact with others

- **When you arrive at the Olympic and Paralympic Village** (or Satellite Village/ other athlete accommodation)
 - Follow the guidance of your NOC/NPC throughout your stay
 - 'Guidelines on the Olympic Village Period of Stay' and 'Guidelines on the Paralympic Village Period of Stay' are available to NOCs/ NPCs on Tokyo 2020 Connect

- **Use only dedicated Games vehicles** – do not use public transport unless it is the only way to reach remote Games venues. See 'At the Games – Getting around', page 35

- Spend time only with the people identified on the list of regular contacts you provided to your CLO

PARALYMPIC CONSIDERATIONS

If you use a wheelchair or other mobility device that may be handled by another person under certain circumstances (for example, airline staff during travel), regularly disinfect the relevant surfaces with sanitising wipes.

RESIDENTS OF JAPAN

Before the Games

- For those living in Japan*, continue to follow countermeasures already in place
- 14 days prior to your arrival at the Olympic and Paralympic Village** or participation in Games events including official training, additional countermeasures will apply
 - Download the COCOA and OCHA apps. OCHA is scheduled to be released at the end of June. See 'Smartphone applications', page 62
 - Monitor your health. Health monitoring protocols for residents of Japan will be provided separately
 - Minimise your physical contact with others
 - Adhere to countermeasures on public transport
 - Take a COVID-19 test 72 hours before you arrive at the Olympic and Paralympic Village or participate in the Games events, including official training

*This also applies to Games participants with a pre-Games role who have been in Japan for more than 14 days

***Guidelines on the Olympic Village Period of Stay' and 'Guidelines on the Paralympic Village Period of Stay' are available for your NOC/NPC for more information

During the Games

- Follow the rules described in 'At the Games', pages 28-38

AT THE GAMES

Physical distancing and good hygiene measures must be followed throughout your time in Japan, for your own health and safety, and that of all Games participants and the people of Japan. These measures are laid out below and summarised in the principles on pages 5-9. They will be monitored by Tokyo 2020 to ensure compliance.

- **Support from your CLO at the Games**

- Your CLO can help you upload daily health monitoring results
- Your CLO will help ensure you follow the correct procedures for daily testing. They will inform you if the results of a screening test are unclear or positive
- If you have a confirmed positive test or experience any symptoms of COVID-19, immediately inform your CLO, who will take you through the next steps
- If you're unclear about any of the rules, ask your CLO

AT THE GAMES

To enable physical distancing, overall accreditation numbers have been reduced, venue operational plans adapted and access to venues restricted to what is strictly required for operational reasons.

In accordance with the Japanese authorities' requirements, you are responsible for proactively monitoring and reporting your personal health every day via OCHA. Information on health monitoring for residents of Japan will be provided separately.

The comprehensive screening testing regime in place is based on science and expert advice. Testing will be a crucial part of minimising transmission: used for general screening and for those identified as a close contact of a positive case; as well as for diagnosis for those experiencing symptoms of COVID-19.

Further changes may be made in collaboration with the Government of Japan and the TMG, based on the latest situation.

TEST, TRACE AND ISOLATE

- **Proactively monitor your personal health every day** (body temperature and any other COVID-19 symptoms) and report the results on OCHA. For more information, see 'Smartphone applications', page 62
- ⊕ **You will not need a temperature check before entering a Games venue**, as you will be monitoring your health and in principle getting tested for COVID-19 daily
- **Your temperature will be checked before entry to the Olympic and Paralympic Village**
 - If you record a temperature of 37.5°C or higher, after a short break your temperature will be taken again
 - If you still record a temperature of 37.5°C or higher, go to the COVID-19 clinic in the Village for a consultation and inform your CLO
 - Temperature checks will also take place before entry to Satellite Villages and Cycling accommodation

TEST, TRACE AND ISOLATE

• Screening testing process

- In addition to tests taken before departure and on arrival in Japan, you will be tested daily to minimise the risk of undetected positive cases that could transmit the virus
- Your CLO will provide you with detailed information on screening testing, including the time and location for providing and submitting your samples. It is important that you understand this information and comply with the required timings
- Athletes and team officials (who are accompanying athletes) staying in private accommodation must follow the same procedure as those staying in the Village
- If you are attending a pre-Games training camp in Japan or a pre-Games Host Town exchange programme, in principle you will be also tested every day

+ Collecting your saliva sample

- Your CLO will give you saliva containers which have a barcode assigned to identify the samples as yours
- At the designated time, provide your saliva sample under the supervision of your CLO, Deputy CLO, CLO Assistants or one of your peers

- Do not eat, drink, smoke, brush your teeth or use mouthwash within 30 minutes of providing your saliva sample
- Your CLO will submit your sample at a designated location and time agreed with Tokyo 2020 (09:00 or 18:00)
- Sample collection sites for CLOs will be set up in the Olympic and Paralympic Village, Satellite Villages, selected other accommodation managed by Tokyo 2020 and selected competition venues (list will be provided by Tokyo 2020)
- Samples will be transferred to a laboratory for testing. The initial test will be quantitative saliva antigen. If the results of the first test are unclear or positive, a saliva PCR test will be conducted from the same sample of saliva

+ Getting the results

- You will be given a deadline by which your test results will be processed, which will depend on the time of day the test is taken
- The processing time is expected to be 12 hours and the result will be known at a designated time (06:00 and 21:00)

- If you do not receive a notification from your CLO by the designated time, your result was negative
- If the results of the saliva PCR test are also unclear or positive, your CLO will see a notification and inform you
- If you are informed by your CLO, immediately go to the COVID-19 Clinic in the Village, maintaining physical distance from others, to take a follow-up nasopharyngeal PCR test. Wait there for your result (three to five hours)

• Results Advisory Expert Group

- The Results Advisory Expert Group (RAEG) are developing the protocols for interpreting the results of screening tests
- This group may be called upon for analysis of complex cases
- RAEG may also provide expert advice to support the IDCC
- RAEG will provide input in complex cases, including management of close contacts

TEST, TRACE AND ISOLATE

- **If you develop symptoms of COVID-19 during your stay**
 - Contact your CLO immediately for further instructions. [See WHO Symptom Guidance](#)
 - You will be taken to a designated medical care facility and tested for COVID-19. Wait for the results in the designated area
 - If you are at a Games venue, proceed immediately to the medical station of the venue for a medical examination. There will be an isolation space located close to the medical station where you will be temporarily isolated. If necessary, you will be transported to a Games-designated hospital
- **If you have a confirmed positive test for COVID-19 during the Games**
 - Immediately begin isolating and inform your CLO
 - You will either be required to continue isolating or be hospitalised. You will not be allowed to compete/continue your role
 - ⊕ - In principle, you will be required to stay at an isolation facility. It will be a general business hotel. A dedicated vehicle will be organised to take you there
 - A solution will be in place for those with accessibility requirements
 - There will be personnel at the facility throughout the day who will monitor your health. Consult with them if you have any concerns
 - Meals will be provided three times a day
 - Free WiFi will be available and you will be able to keep in touch with your CLO and team
 - Your team will be allowed to bring you things. However raw food, alcohol, cigarettes and dangerous objects etc. are prohibited. Smoking and drinking alcohol during your recuperation period will be strictly prohibited
 - You will not be allowed to go outside the hotel
 - The location and length of your isolation period will be determined by the Japanese health authorities, depending on the severity and symptoms of your infection
 - You will be discharged in accordance with the discharge guidelines in Japan
- **CLO response**
 - Your CLO and Tokyo 2020 will work with you to confirm your activities and places you visited, from the two days before your symptoms appeared to when you were tested and started isolating. They will help identify close contacts in that period
 - They will consult with the Japanese health authorities (including the local municipalities' health authorities) and Tokyo 2020 to determine further measures, such as disinfection of specific areas

TEST, TRACE AND ISOLATE

- **If you are a close contact of someone with a confirmed positive test**

- Close contacts are those who have prolonged contact (for 15 minutes or more) with a person who has a confirmed positive COVID-19 test, within one metre, without wearing a face mask, from the two days before the person's symptoms appeared to when they were tested and started isolating. This is particularly applicable when such contact happens in enclosed spaces, such as hotel rooms or vehicles
- Close contact cases will be confirmed by the Japanese health authorities based on information provided by you, your organisation and Tokyo 2020
- The decision on applicable measures will be made on a case-by-case basis and will take into consideration the likelihood of you spreading the virus

To be allowed to compete and/or continue your role, you will need:

- A negative daily nasopharyngeal PCR test result, for a period to be decided by the RAEG
- A positive assessment of your medical situation by the RAEG, which may take into account medical history, confirmed by the Japanese health authorities
- Agreement from your IF
- If you are allowed to compete, enhanced countermeasures may be required, including further minimising contact with others, moving to a private room, eating meals alone, using dedicated vehicles, or separation during training and at your competition venue

SOCIAL

- **Limit your contact with other people as much as possible**
 - Only spend time with the people identified on the list of regular contacts you gave to your CLO. Update the list if necessary
- **Keep a distance of two metres from others**
 - There may be times when the distance between athletes and others is less than two metres, for example on the Field of Play (FOP) and in preparation areas. Tokyo 2020, IOC/IPC and the IFs will implement the necessary countermeasures
- **Keep physical interactions with others to a minimum.** Avoid unnecessary forms of contact such as hugs, high-fives and handshakes
- **Avoid enclosed spaces and crowds wherever possible**
 - Avoid staying an unnecessarily long time in a space. Refrain from talking in constrained areas such as elevators
- **Eat meals keeping two metres away from others** unless instructed otherwise, or eat by yourself, keeping contacts to a minimum. See 'Eating at the Olympic and Paralympic Village,' page 56
- **Olympic and Paralympic Village access** is restricted as follows:
 - Members of the NOC/NPC delegation will be granted access, dependent on accreditation privileges
 - Access will only be allowed for those with operational reasons, in agreement with Tokyo 2020 and the IOC/IPC
- Anti-doping procedures will operate in accordance with international standards, health and safety measures, and WADA guidelines, under the management of the International Testing Agency for the Olympic Games and the IPC for the Paralympic Games

SOCIAL

Where you can go, what you can do

- You will not have access to ticketed spectator areas of venues. Seating in accredited areas such as Same Discipline Athlete (SDA) seating is allowed
 - In the SDA seats, wear a mask and avoid shouting, cheering and singing – find other ways to show support or celebrate during competition, such as clapping
- **Follow only the activities you have outlined in your Activity Plan**
 - You must only leave your accommodation to go to official Games venues and limited additional locations that you have outlined in your Activity Plan, as defined by the list of permitted destinations. Permitted destinations are those that are critical for the Games and will have COVID-19 countermeasures in place
 - Minimise contact that is within one metre* with Games participants who have been in Japan for more than 14 days, and with residents of Japan
 - Wear a face mask at all times

- You must not use public transport
- You must not walk around the city and visit tourist areas, shops, restaurants or bars, gyms, etc.

*Two metres for athletes

Getting around

- **You must not use public transport.** If your accreditation gives you access to dedicated Games vehicles (TA service), use these when travelling to permitted destinations
- ⊕ - If you do not have access to dedicated Games vehicles, or if any of your permitted destinations are not serviced by Games vehicles, use the Transport by Chartered Taxi (TCT) service
 - The TCT service is available from 17 June to 8 September
 - Tokyo 2020, to a certain limit, will bear the cost of journeys made from 9 July (when you would otherwise have free public transport), by providing vouchers for travel
 - Bookings are made through the TCT call centre

- Travel will only be allowed between places on the list of permitted destinations. For more information, see the TCT Service User's Guide
- All dedicated Games vehicles will operate following official Japanese hygiene protocols. They will have:
 - Mandatory face mask wearing, thorough hand sanitising and refraining from conversation
 - Measures to enable as much physical distancing as possible between passengers, depending on the vehicle
 - A partition between the driver's seat and passenger seats
 - Constant ventilation, through air conditioning
- If you have to travel by air or bullet train to a venue in a remote city, you may do so on a limited basis for operational reasons. Tokyo 2020 will provide information on available flights and bullet trains
 - Tokyo 2020 will manage reservations in collaboration with respective operators to ensure there is appropriate space between you and other passengers. You may be required to take a COVID-19 test the day before or on the day of boarding

SOCIAL

+ Self-arranged vehicles must comply with the relevant COVID-19 countermeasures at all times

- You can travel using a self-arranged vehicle strictly under the following conditions:
 - Vehicle rental procedures must be carried out by a participant who has been in Japan for at least 15 days or a Japanese resident, in order to avoid close contact with Japanese residents
 - Follow the same countermeasures as the Games vehicles provided by Tokyo 2020, see page 35
 - The person in charge of the relevant Tokyo 2020 department will accompany you inside the vehicle or follow the vehicle
 - If that is not possible, Tokyo 2020 requires a written pledge from the parties concerned and may track the stakeholders using GPS (subject to consent). More detailed guidance will be issued by 21 June to your NOC/NPC
- After the first 14 days, you are allowed to use self-arranged vehicles without having to apply any additional measures

Places to eat

- If you are staying at the Village, eat there, at Games venues or at other permitted destinations
- Physical distancing and sanitary measures will need to be respected at all dining facilities within the Villages and venues. See 'Eating at the Olympic and Paralympic Village', page 56
- **If you are staying outside the Olympic and Paralympic Village**, as there is an increased risk of infection when eating meals with others, you should eat alone as much as possible and especially avoid eating meals with Games participants who have been in Japan for more than 14 days, and residents of Japan
 - You must only eat in one of the following places, where COVID-19 countermeasures are in place:
 - Dining facilities at Games venues (as the preferred option)
 - Your accommodation's restaurant
 - Your room, using room service or food delivery
 - Tokyo 2020 will require hotels to provide enhanced room service and grab and go options
- Additional rules may apply to your sport/role and at certain locations. See 'Sport countermeasures', page 50
- **Additional rules will apply for Opening and Closing Ceremonies.** These will be developed by Tokyo 2020 and the IOC/IPC
 - Victory Ceremonies with medal presentations will take place at the competition venues. Athletes and presenters will be required to wear a mask. Other specific information will be communicated closer to the Games

THINK HYGIENE

- **Wear a face mask at all times**, except when training, competing, eating, drinking, sleeping or during interviews
 - During fitness training in the Olympic and Paralympic Village, for example at the fitness centre, you will be required to wear a face mask
- **If you feel you are at risk of heatstroke**, you may remove your mask when you are outside and able to keep two metres apart from others. [See WHO guidance on wearing a mask](#)
 - Clean your hands before putting on and after taking off your mask and avoid touching your eyes, nose and mouth. If possible, wash your hands with soap and warm water for at least 30 seconds. Otherwise use hand sanitiser
 - Replace masks as soon as they become damp and wash them daily
 - Face shields are not an acceptable alternative to a mask. They should only be used to prevent infection of the eye area. If you have a concern about the mask requirement due to a medical condition, please contact your CLO. See 'Paralympic considerations', page 38, for other exceptions for wearing a mask
- Wash your hands regularly and thoroughly for at least 30 seconds, ideally using soap and warm water. Otherwise use hand sanitiser
- Avoid shouting, cheering and singing – find other ways to show support or celebrate during competition, such as clapping
- Ventilate rooms regularly where possible – at least every 30 minutes and for a period of several minutes each time
- Avoid sharing items wherever possible. Always disinfect items that have been used previously by someone else
- After eating, use a sanitising wipe provided to clean your table and seating area
- Respect the rules displayed in venues and accommodation facilities, where enhanced cleaning protocols and hygiene countermeasures will be in place

PARALYMPIC CONSIDERATIONS

- The restriction of keeping two metres' distance from others will be waived for those in need of additional support, who can receive assistance from another member of their immediate circle
 - Masks should be worn at all times when providing assistance to others
 - Once aid has been given, sanitise your hands and go back to maintaining a physical distance of at least two metres from others
 - You should still try to keep physical contact to a minimum when possible
- You may temporarily remove your mask if you are speaking or providing assistance to someone who relies on lip reading, clear sound and/or facial expressions to communicate. You should stay at a distance of minimum two metres and should put your mask back on as soon as possible
- If you use a wheelchair or other mobility device that may be handled by another person under certain circumstances (for example drivers), regularly disinfect the relevant surfaces with sanitising wipes
- Isolation facilities for Para athletes and team officials who test positive for COVID-19 but are asymptomatic (i.e. not requiring immediate hospitalisation) will be confirmed shortly. Accessibility requirements, as well as access for Para athletes and team officials who require additional support, are being considered and will be addressed
- For some sports (such as Para Cycling and Football 5-a-side), it will be critical for pilots and coaches to shout to communicate with vision impaired athletes during competition. In those specific circumstances, shouting will be permitted, whilst wearing a mask and respecting physical distancing

LEAVING JAPAN

The length of your stay is to be minimised to reduce the risk of infection and help ensure a safe and successful Games.

You should continue to follow the Playbook and any instruction or requirement from the Japanese authorities – including hygiene and distancing rules – throughout your departure and until you reach your destination.

- **Support from your CLO when leaving Japan**
 - Your CLO can help confirm any COVID-19 requirements for international travel or entry into your destination country

TEST, TRACE AND ISOLATE

- Follow the instructions of your NOC/NPC regarding your departure from the Olympic and Paralympic Village. Athletes and sport-specific team officials must depart no more than 48 hours after the completion of their competition or when they are eliminated (whichever is sooner). For details, see 'Guidelines on the Olympic Village Period of Stay' and 'Guidelines on the Paralympic Village Period of Stay'
- If you are attending a post-Games Host Town exchange programme, please consult with the municipality in charge of accepting athletes
- Make sure you know the latest entry requirements for your destination country, as well as any countries you will pass through in transit
 - Information on how to get a test certificate if required for international travel or entry to your destination will be available by the end of June
- Travel to the airport using designated Games vehicles
- When you arrive at your destination, follow local COVID-19 regulations, including any need to quarantine on arrival
- Continue to monitor your health and check your temperature for 14 days after leaving Japan (or, for residents of Japan, finishing your Games role). If you have any COVID-19 symptoms, inform your CLO

PARALYMPIC CONSIDERATIONS

- Any Games participant staying in Tokyo and Japan after the close of the Olympic Games to participate in the Paralympic Games will have to continue following the rules and behaviours outlined in this Playbook
- You are not required to exit Japan and re-enter the country for the Paralympic Games, but you are allowed to do so

FURTHER INFORMATION

BEFORE YOU TRAVEL

This is Juan – a Spanish basketball player. He's due to travel to Japan on the afternoon of 19 July, to have a few days to acclimatise.

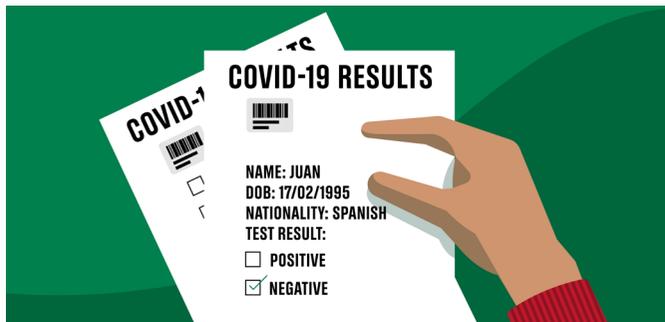

He has to get two COVID-19 tests done on two separate days within 96 hours of his departure. He's been really careful with who he's been seeing and is monitoring his health daily for the 14 days before his flight. He's confident that there will be nothing to worry about.

It's 17:00 on 15 July and Juan goes to get a COVID-19 test from an approved provider near his home. He'll check with the provider that the test certificate will have all the necessary information and will arrive in time.

It's 10:00 on 17 July. His test came back negative* yesterday, which is great news. He's now on his way to get another test, so he'll have two valid test certificates before he travels on 19 July.

It's 09:00 on 19 July. Both Juan's tests were negative. He's got the certificates and is getting ready for his flight this afternoon. He's charging his phone, installing the necessary apps (OCHA and COCOA) and putting all documents needed for arrival in Japan in his hand luggage. He's uploaded a PDF certificate from the negative test taken within 72 hours of his departure onto OCHA.

*If your test is positive, begin self-isolation in line with local rules and contact your CLO immediately to discuss next steps.

ENTERING JAPAN*

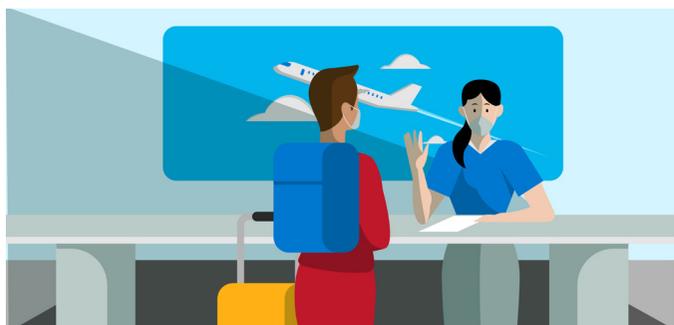

It's 10:00 on 20 July. Juan's just arrived at Haneda in Tokyo and is about to disembark the plane. He has all his documentation and his mobile phone is turned on and ready to show to Japanese authorities.

He has to show his COVID-19 documentation – including his negative test results and other necessary documents – to the Quarantine Officer as soon as he gets off the plane and goes for his COVID-19 test.

Juan has a COVID-19 test at the airport. His results will be processed while he goes through immigration and collects his bags and sports equipment.

He validates his PVC and goes to show his necessary documents at immigration. Then he'll get his bags and sports equipment and wait in the airport for his test results.

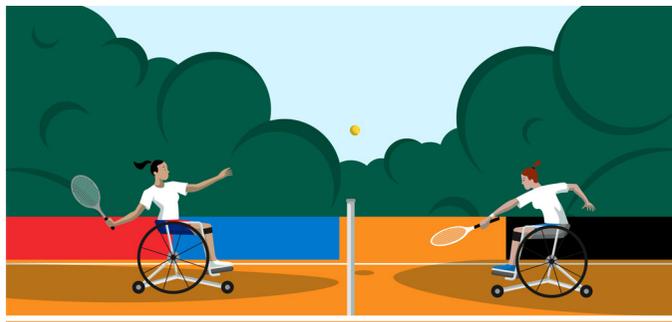

Juan's just been notified that his test was negative. All necessary documents are confirmed by the Quarantine Officer. He'll now move to the Olympic Village transport load zone.

Juan goes to board one of the TA buses (where physical distancing will be respected) to the Olympic Village, ready for his Games to begin.

*Please note, the sequence at the airport may change during peak arrival periods.

SCREENING TESTING

Meet Lauren – a wheelchair tennis player staying in the Paralympic Village.

It's the morning of 29 August. Lauren had early training this morning and now she's on her way back to her room where she will provide her daily saliva sample in a container provided to her by her CLO.

Lauren is providing a saliva sample that will be used for a quantitative saliva antigen test. As she needs to be supervised, she's asked her CLO assistant to be with her. The saliva container has a barcode assigned to identify the sample as hers. Her CLO has reminded her not to eat, drink, smoke, brush her teeth or use mouthwash within 30 minutes of her test, to avoid inaccuracy in the results.

Lauren submits her sample to her CLO. Her CLO will submit her sample at a designated location and time agreed with Tokyo 2020.

Lauren will only be notified by her CLO if her test result is unclear or positive – she'll find out within 12 hours of her CLO submitting her sample. If this is the case, she'll be required to do a confirmatory nasopharyngeal PCR test. She'll carry on with her planned schedule for the day but will keep an eye on her phone just in case.

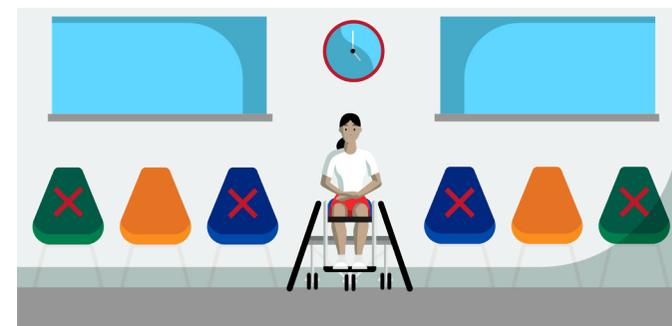

POSITIVE RESULT

Later that afternoon, Lauren's practising on court. She's received a call from her CLO that her regular screening test has come back positive. She works with her CLO to confirm locations visited in the past two days and identify potential close contacts.

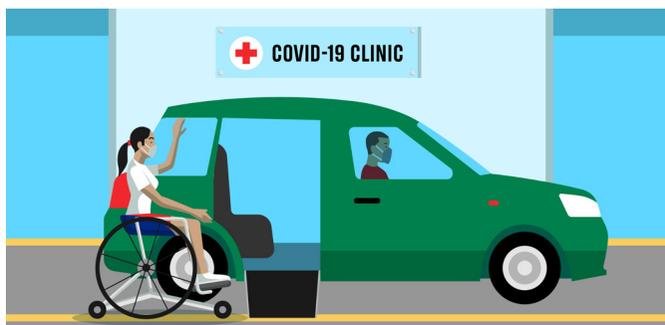

She goes straight to the COVID-19 Clinic in the Paralympic Village for a confirmatory PCR test. She's spoken to her CLO and they've organised dedicated transport to take her safely to the clinic.

Lauren's just had the confirmatory nasopharyngeal PCR test and she's now waiting in the COVID-19 Clinic for the results. They should be ready in three to five hours.

The confirmatory test has come back positive. Lauren's really disappointed, but she knows she needs to protect the other athletes. She'll now go to an isolation facility outside of the Village, as per her CLO's instructions.

Tokyo 2020 has organised for dedicated transport to take her to the facility. She's worried, but her CLO is in constant contact, they have told her that the personnel at the facility speak English, and they're arranging for her things to be taken (clothes, toiletries, etc.) to the facility.

Lauren's CLO will work with the Japanese health authorities to determine how long she'll need to stay in isolation. She's reassured that she'll be comfortable and there is free wifi so she'll be able to keep in touch with her CLO, team and family and friends.

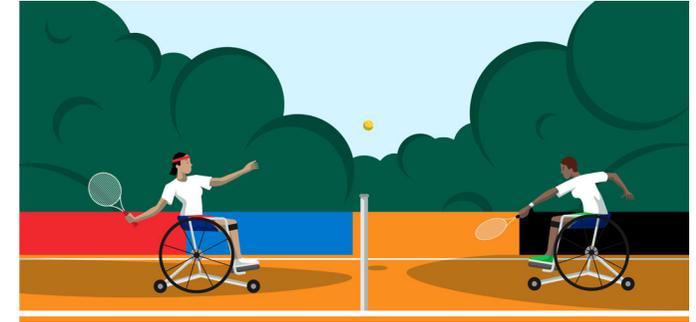

BEING A POTENTIAL CLOSE CONTACT

This is Andrea. She's another wheelchair tennis player participating in the competition. It's 14:00 on 29 August. Since she played tennis against Lauren yesterday afternoon, her CLO called to say she's potentially one of Lauren's close contacts. If she's confirmed as a close contact, she'll need to take a confirmatory nasopharyngeal PCR test at the COVID-19 Clinic.

Andrea was told by her CLO that she will be contacted by the Japanese health authorities. They contacted her and asked her some questions over the phone (how long she was with Lauren, whether she was wearing a mask, etc.).

After confirming with the Japanese health authorities, Andrea's CLO told her that because she'd stayed far away from Lauren during competition, she isn't considered a close contact. She returns to her competition schedule and will continue with her regular screening tests tomorrow as planned.

BEING A CONFIRMED CLOSE CONTACT

This is Priya, another tennis player competing in the Games. It's 14:00 on 29 August. She's also been playing tennis with Lauren in training over the past few days.

Priya's CLO called to say she's potentially one of Lauren's close contacts and that she will be contacted by the Japanese Health Authorities. After a discussion about how long she spent with Lauren, how close they were, etc, Priya is confirmed as a close contact.

As a result, Priya went to get her confirmatory nasopharyngeal PCR test at the COVID-19 Clinic. They told her the results were negative. Her CLO is informed of the result and will help with next steps.

Priya's case will be reviewed* to assess the likelihood of spreading the virus. To return to competition, she'll need to follow enhanced countermeasures, including daily negative nasopharyngeal PCR test results and further minimising contact with others, for example moving to a private room, eating meals alone, using dedicated vehicles and separation during training.

*Please note that close contact cases will be considered on an individual basis by the RAEG under the confirmation of the Japanese health authorities. The respective IF will also need to be in agreement with the decision.

LEAVING JAPAN

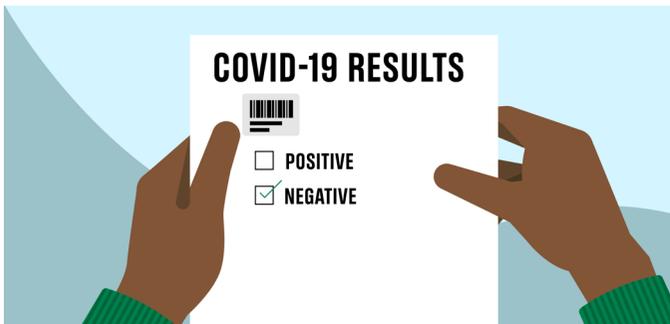

This is Aisha, competing in the Games in Athletics. It's 22:00 on 6 August. She's just finished her final event and is due to leave Japan within 48 hours. She's been speaking to her CLO to help her organise her departure.

To fly back to Nigeria, Aisha needs to have evidence of a negative COVID-19 test. It's the morning of 7 August and she's on her way to have her test*.

She's been keeping an eye on the entry requirements at home, in case she has to take any additional measures when she arrives, such as quarantining. Her CLO is also fully up to speed on this and is keeping her updated.

Aisha's received the results from the test and it's negative – so she's all ready to go home tomorrow. Importantly, she has the test certificate that she needs to show to board the flight home.

At the airport, she's shown the necessary documents at the airline check-in desk and to border control staff. Everything's in order and she goes to board her flight, reflecting on a truly memorable Games.

*COVID-19 test certificate entry requirements vary from country to country. Please ensure you are up to date with the entry requirements for the country(ies) you will be travelling to. Information on how to get a test certificate will be available by the end of June.

SPORT COUNTERMEASURES

In addition to the Playbook principles, the following applies to sport operations at the Olympic and Paralympic Games Tokyo 2020. Details of sport-specific adaptations are being developed by Tokyo 2020 and the IOC/IPC in collaboration with the respective International Federations. Further information will be available within individual sport publications, including the 'Team Leaders Guide.'

Overall principles

- To enable physical distancing, overall accreditation numbers have been reduced, venue operational plans adapted and access to venues restricted to what is strictly required for operational reasons
- Venue and area layouts will also be designed to support physical distancing, along with the use of transparent acrylic screens where needed to help prevent transmission
- Please bear this in mind when deciding whether it's necessary to access a venue or a specific area within a venue and aim to keep your stay as short as possible
- In general, all equipment must be disinfected between uses and users must disinfect their hands before and after use

- Items such as towels and drinking bottles must not be shared
- Masks must be worn by athletes when receiving a notification for doping control

Olympic and Paralympic Village

Sport Information Centre (SIC)

- Floor markings will be used to help with physical distancing
- Transparent acrylic panels will be installed at the desks
- Some services such as training bookings may be provided online or at competition venues only
- Printing documents is not recommended. If you do need to print something, avoid sharing documents with others unnecessarily

Gym

- Disinfect equipment before and after use
- Athletes are required to wear a mask during fitness training in the Olympic and Paralympic Village

Pre-competition

Sport-specific activities such as draws, equipment inspections and weigh ins

- Activities will be held online or in open air spaces where possible
- When neither solution is available, such meetings will be held in a room with a limited number of participants to ensure physical distancing, and with appropriate ventilation

SPORT COUNTERMEASURES

Athlete preparation areas

Sport Information Desk (SID)

- Floor markings will be used to help with physical distancing
- Transparent acrylic panels will be installed at the desks
- Some services such as training bookings may be provided online or at competition venues only
- Printing documents is not recommended. If you do need to print something, avoid sharing documents with others unnecessarily

Physio areas

- Disinfect equipment before and after use
- Physios should use hand sanitiser before and after any contact with an athlete

Ice and ice baths

- Disinfect your hands before using ice
- When using the ice baths, keep a safe distance from others and use them one at a time or in small groups, avoiding facing each other

Towels

- Towels must not be shared and must be placed in a collection box after use

Changing rooms

- Physical distance must be maintained when showering and changing, which may mean waiting if the area is busy
- If possible, use facilities at the Olympic and Paralympic Village instead of at the venue

Warm up and athlete call areas

- Athletes can remove their face mask during their warm up
- An exception to the two-metre distancing rule from athletes will be made during warm up if required, for athletes and/or team officials to fulfil their role

Athlete and technical official lounges

- Entry to the lounges will be strictly restricted to those with access privileges and a purpose to be there
- Transparent acrylic panels will be placed on the tables if physical distancing cannot be respected, if necessary to enable people to fulfil their role

- Shields will be installed in food display areas to reduce the risk of droplet exposure
- Where possible, food and drink will be served by staff. Otherwise, disposable utensils to move the food and gloves will be provided
- Communal items with many users, for example beverage dispensers, will be frequently disinfected

Repair services

- Technicians should disinfect equipment before returning it to the athlete

During competition

Operational personnel on or by the Field of Play

- If it is not possible to ensure suitable physical distancing, alternative countermeasures will be in place, such as installing transparent acrylic panels
- This applies to all operational personnel on or around the FoP, such as Technical Officials and equipment technicians
- Exceptions may be made

SPORT COUNTERMEASURES

Athlete seating areas on or by the Field of Play

- Wear a face mask at all times
- Physical distancing between athletes on team benches will not be required
- All others must keep two metres from athletes if possible

Sport presentation

- The wearing of masks by personnel involved with sports presentation, such as performers and announcers, will be treated on a case-by-case basis
- Announcers and interviewers must keep a distance of two metres from athletes and avoid contact at all times
- Equipment such as headsets and microphones must not be shared and must be disinfected after use
- PA equipment will be disinfected regularly if shared between people

After competition

Mixed zone and press conference

RHB

- The use of a boom microphone (a microphone attached to a pole) will be mandatory, in order to ensure the two-metre distance between athletes and interviewers is maintained
- The floor of the mixed zone will be marked at all venues to ensure physical distancing: Athlete position < two-metres > interview position
- Interviews with athletes should last no more than 90 seconds

Press and Broadcast

- All interviewers must wear a mask. Athletes can remove their mask for the interview

Press conferences

- Press conferences will be streamed live, with questioning via a dedicated platform

In addition to the mixed zone and press conference room, athlete interviews will be allowed in the IBC, RHB studios, standup positions, MPC and the Olympic and Paralympic Village Plaza. Please refer to the Broadcaster and Press Playbook for additional details.

Victory Ceremonies

- Victory Ceremonies with presentation of the medals will take place at the competition venues. Athletes and presenters will be required to wear a mask. Other specific information will be communicated closer to the Games

VENUE COUNTERMEASURES

In addition to the Playbook principles, the following applies to venue operations at the Olympic and Paralympic Games Tokyo 2020. Details of venue-specific adaptations are being developed by Tokyo 2020 and the IOC/IPC. Any further information will be available within individual venue operating plans.

Physical distancing

- **Separation of flows between athletes and others**
 - Athlete flows will be organised so that they do not cross with others unless unavoidable for operational purposes, in which case additional countermeasures will be in place, such as managed crossings
- **Ensuring physical distancing:**
 - Maintain the standard Playbook physical distancing rule of at least two metres from athletes and one metre from others. Where this is not possible, for example in elevators, capacities will be limited and conversation prohibited
 - Workforce will be trained in managing the movement of people, including guiding and providing directions. They will be positioned in areas where people are likely to gather – including

any waiting lines – for example at Pedestrian Screening Areas (PSAs), temperature check areas, concourses, toilets, concessions, seating bowl entrances, and venue entrances and exits.

They will count people going in and out, so that venues do not exceed maximum capacities

- Signage will be installed in all necessary places, including distance markers on the ground
- Droplet prevention measures (dividers/splash guards) will be installed in areas as an additional measure where physical distancing cannot be easily ensured (for example, food and beverage concessions, check-in areas, counters, work areas)
- **Wearing of face masks**
 - Masks must be worn at all times, in all locations of venues, with the exception of training, competing, eating, drinking or during interviews in Tokyo
 - Masks may be removed when eating or drinking but must be promptly replaced when finished

Cleaning and sanitisation

- **Installation of hand sanitisers**
 - Hand sanitiser will be available at numerous points throughout each venue, including every entrance/exit, rooms where medical treatment is performed, dining areas, toilets, mixed zone, press desks and commentary positions, seating bowl staircases, concourses, work rooms, sports information desks, ice and towel distribution points, changing rooms, athlete warm up and call areas and gyms
 - Hand sanitiser will be made available to spectators in all general public areas, such as PSAs and concourses
 - Hand sanitiser will be accessible for individuals with different types of impairment

VENUE COUNTERMEASURES

- **Disinfection operations**

- Doorknobs, switch panels, handrails, desks, elevator buttons, eating surfaces and other areas where high frequency contact is expected will be disinfected regularly
- You should disinfect items such as tables after eating and shared equipment (such as microphones, sports equipment, physio beds) before and after use

- **Signage and announcements**

- Comprehensive dedicated signage (including pictograms) will be installed to support and enforce the respect of countermeasures (mask wearing, physical distancing, hygiene, disinfection, behaviour in the seating bowl, etc). This will include appropriate accessible signage for visually impaired people
- Messaging will also be delivered via public address and videoboards

Venue entrance: PSA & Vehicle Screening Area (VSA) Operations – Temperature check procedure

- **Temperature checks when entering a venue**

- All stakeholders except athletes and officials will have their temperature checked before entering a venue
- The first temperature check area will be in front of the entrance of each venue, before the PSA or VSA. Temperature will be checked by thermography or non-contact thermometer
 - If the temperature taken is 37.5°C or higher, it will be taken again with a non-contact thermometer
 - If the temperature again measures 37.5°C or higher, you will move to the secondary temperature check area
- In the secondary temperature check area, after a short rest, your temperature will be checked again, twice maximum, measured with a contact or noncontact thermometer
 - If your temperature is 37.5°C or higher, you will not be allowed to enter the venue
- The location of each temperature check area may be different for each venue

- **Isolation spaces**

- There will be an isolation space at each venue, located close to the relevant medical station
- If you have a fever, other COVID-19 symptoms or any symptoms of illness, you will be temporarily isolated in this space

VENUE COUNTERMEASURES

- **Food and beverage operations**

Be extra vigilant when eating and drinking, when the risk of infection is high. Additional measures in the food and beverage areas (concessions and concourses, seating bowl areas, lounges, workforce dining, accredited stakeholders dining areas, etc.) will include:

- Droplet-prevention measures (for example, dividers/splash guards)
- Hand sanitiser dispensers at the entrance and reception
- Regular disinfection and cleaning of tables
- Signage, for example, rules for washing hands, wearing masks etc.
- Disinfection of water dispensers and microwaves
- Floor markings in waiting line areas (at least one metre physical distancing)
- Ventilation of the area
- Workforce wearing gloves
- Hand-washing soap (pump type)
- Eating outside the dining area whenever possible, to avoid 3Cs (crowded places, close-contact settings, confined and enclosed spaces)

EATING AT THE OLYMPIC AND PARALYMPIC VILLAGE

In addition to the Playbook principles, the following applies to the Olympic and Paralympic Village Main Dining Hall. Further details are being developed by Tokyo 2020 and the IOC/IPC to be shared with NOCs/NPCs.

Avoiding congestion at the Main Dining Hall

- Menus will be made available in advance via a smartphone app
- Congestion levels on each floor will be communicated regularly via the app
- Diners should keep mealtimes as short as possible and leave as soon as they have finished eating
- Breakfast will also be offered at
 - Casual dining: ‘Menus of the World’ corner in Main Dining, from 06:00-10:00
 - Grab and Go stations: With a variety of food and beverage options
- Athletes and team officials who are not competing on a given day should adjust their dining times to avoid busy periods
- Seating capacity will be limited to allow for physical distancing – for example, a table for six will be adjusted to seat four people

- Delivery service to the Olympic and Paralympic Village is being considered. Details will be shared by the time the Village opens
- If you're staying at a Satellite Village or Cycling Accommodation, please eat at one of the following locations*, where COVID-19 countermeasures will be in place:
 - Dining areas etc. at competition venues
 - Dedicated dining areas at your accommodation
- In principle, please use the dining area in the venue if you stay the Groom's Accommodation*

*The use of room service and delivery services will depend on the situation of each accommodation facility. Details will be shared when you enter the Village or your accommodation

Measures at food and beverage stations

- Hand sanitisers will be installed in key areas, including entrances, exits and near service lines. Staff and signage will be used to remind diners (and staff) to disinfect their hands

- Signage and floor markings will be used to help ensure physical distancing is maintained in waiting lines
- When serving food, staff will be required to wear masks, use gloves and maintain their distance as much as possible
- Clear plastic dividers will be used in places where physical distancing will be more difficult (for example, serving stations)
- Shared objects and frequently touched surfaces will be disinfected regularly by staff
- Thorough ventilation will be in operation to increase air circulation

EATING AT THE OLYMPIC AND PARALYMPIC VILLAGE

Athletes and team officials will be asked to:

- Wear a face mask at all times, except when eating and drinking
- Disinfect their hands regularly when entering and leaving, and before taking food and eating, using hand sanitisers provided
- When waiting in line, keep at least one metre* from the person in front, as indicated by floor markings
- After eating, use a sanitising wipe provided to clean your table and seating area. This is in addition to the full cleaning which will be performed by staff

*Two metres for athletes

GOVERNANCE FOR COVID-19 RELATED MATTERS - ROLE OUTLINE

During the Games, COVID-19 Liaison Officers (CLOs) will be supported by an ecosystem of specialised teams from Tokyo2020 and the IOC/IPC, with direct access to public health authorities. The key support bodies will be:

Tokyo 2020 Functional Areas for Stakeholder groups

- Functional teams from Tokyo 2020, such as Medical, Venues, etc. who will provide primary support to CLOs for all COVID-19 related matters

ICSU (IOC/IPC COVID-19 Support Unit)

- The ICSU will provide additional support to CLOs for COVID-19 related matters

Both the Tokyo 2020 Functional Areas for Stakeholder groups and ICSU will feed into and coordinate with:

The Tokyo 2020 IDCC (Infectious Disease Control Centre)

- The IDCC will be a central hub for information and management of all COVID-19 matters, including public health surveillance, screening testing, case management and incident response

RAEG (Results Advisory Expert Group)

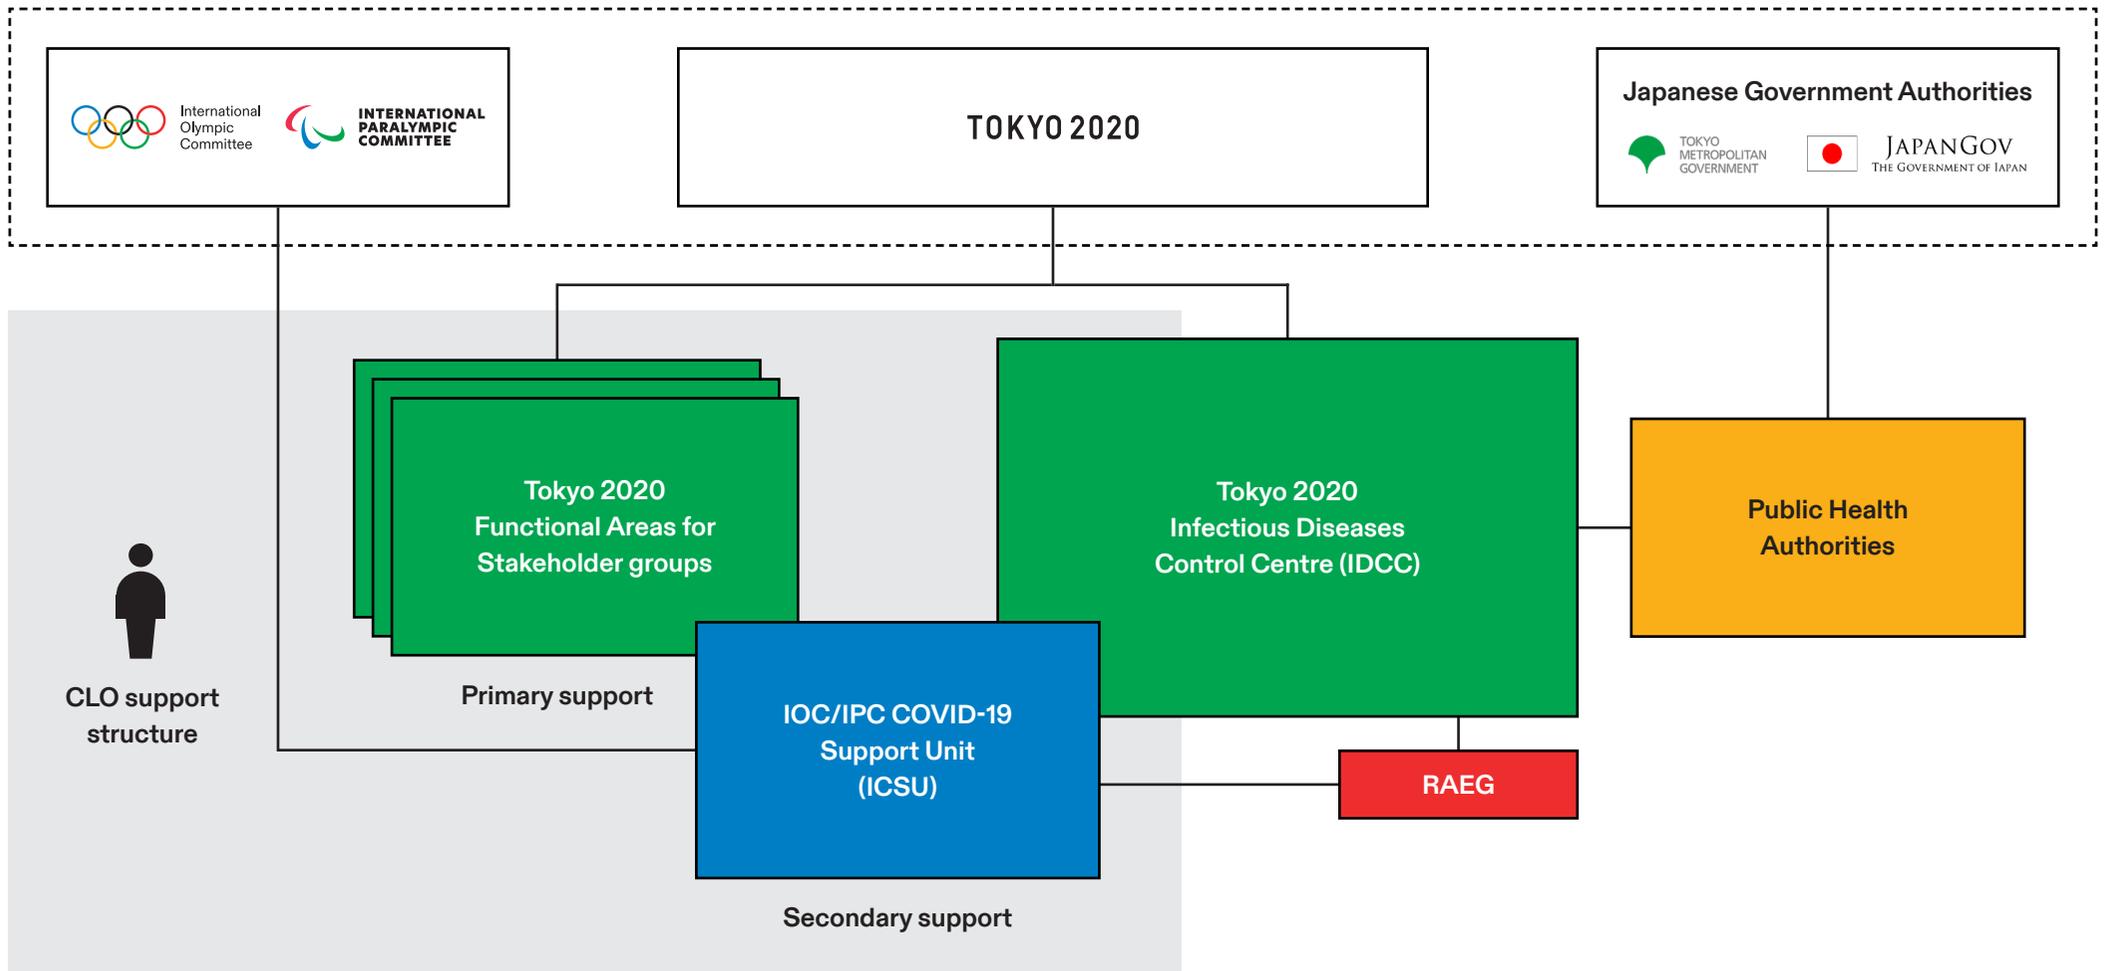

- The RAEG will provide case assessment and protocols for complex cases, as well as guidance on the early management of potential close contacts of confirmed COVID-19 cases, based on the screening testing plan that will be implemented at the Games

Public health authorities in Japan

- Public health authorities will manage confirmed COVID-19 cases and close contacts, and with Tokyo 2020 to coordinate treatment and/or isolation of confirmed cases

GOVERNANCE FOR COVID-19 RELATED MATTERS - STRUCTURE

All Partners Taskforce

TESTING OVERVIEW

Testing for COVID-19 is a key countermeasure at the centre of delivering a safe Games. This page provides an overview of the testing processes that will take place at each stage of a participant's journey.

| Before you travel | Entering Japan | At the Games | Leaving Japan |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <ul style="list-style-type: none"> Two COVID-19 tests are taken on two separate days within 96 hours of the departure of your flight to Japan | <p>At the airport</p> <ul style="list-style-type: none"> On arrival, quantitative saliva antigen test is conducted <ul style="list-style-type: none"> If positive or unclear, further tests will be performed using the same sample to verify your results <p>On entering Japan</p> <ul style="list-style-type: none"> All overseas Games participants are tested daily with quantitative saliva antigen or saliva PCR tests (depending on role) for the first three days Daily testing for the first three days is also conducted at pre-Games training camps/host towns, if relevant | <p>Athletes and Officials</p> <ol style="list-style-type: none"> Daily screening testing with quantitative saliva antigen test. If positive, followed by saliva PCR from same sample <ul style="list-style-type: none"> Results within 12 hours If positive or inconclusive, confirmatory nasopharyngeal PCR test is conducted (results within 3-5 hours) <p>Other participants</p> <ol style="list-style-type: none"> Regular screening testing with saliva PCR is conducted (either every day, every 4 days or 7 days, according to operational nature of role and level of contact with athletes) <ul style="list-style-type: none"> Results within 24 hours If positive or inconclusive, confirmatory nasopharyngeal PCR test is conducted | <ul style="list-style-type: none"> Departure test before leaving Japan if needed for international travel or entry to destination country (according to the entry requirements for the destination country/transit countries) |

TESTING FREQUENCY

The frequency of testing for different Games participants, outlined below, has been determined considering both the risk of them infecting others and their necessity to the operation of the Games. This approach is intended to limit any potential spread of COVID-19 amongst Games participants and the people of Tokyo and Japan. Some participants may change level based on roles/responsibilities or other factors.

| Population Location | Level | Characteristics | Population | Testing Frequency |
|---------------------|-------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------|
| Tokyo | 1A | <ul style="list-style-type: none"> Athletes staying in the Olympic/Paralympic Village Other Olympic/Paralympic Village residents, due to their close proximity to athletes and critical role in operating the Games | <ul style="list-style-type: none"> Olympic/Paralympic Village residents Athletes Team Officials Other NOC/NPC accredited personnel | Daily |
| Tokyo | 1B | <ul style="list-style-type: none"> Athletes and team Officials not staying in the Olympic/Paralympic Village | <ul style="list-style-type: none"> Athletes not staying in the Olympic/Paralympic Village but residing in Tokyo Team Officials not staying in the Olympic/Paralympic Village but residing in Tokyo Other NOC/NPC accredited personnel | Daily |
| Remote | 1C | <ul style="list-style-type: none"> Athletes and Team officials not residing in Tokyo | Those residing in remote venues: <ul style="list-style-type: none"> Athletes Team Officials Other NOC/NPC accredited personnel | Daily |
| ALL | 1D | <ul style="list-style-type: none"> Participants who have regular contact with or close proximity to athletes Core participants required for Games operations | <ul style="list-style-type: none"> IF Delegates, ITOs, Judges, Jury members, National Technical Officials, Equipment Technicians, IF Executive Board members, IF Presidents and Secretaries General, IF Full Time Senior Staff, IF Staff, IF Medical Officer, Transferable Guests, IF Head of Media FOP broadcasters and photographers | Daily |
| ALL | 1E | <ul style="list-style-type: none"> Participants who have regular contact with or close proximity to athletes Core participants required for Games operations | Select Sport-Specific Volunteers <ul style="list-style-type: none"> Select FOP and OLV support services workforce (e.g. timekeepers, results managers, medical staff at isolation and quarantine facilities etc.) | Daily |

SMARTPHONE APPLICATIONS (APPS)

Applications

Every visitor to Japan is required to have a smartphone and to download and use two smartphone applications ('apps'): OCHA and COCOA. OCHA will support entry to Japan procedures of quarantine, immigration and customs, as well as daily health reporting and COCOA will support contact tracing in case of having close contact with somebody who has COVID-19. An overview of each app is provided below.

Online Check-in and Health report App (OCHA)

Overview

OCHA is currently under development by the Government of Japan and scheduled to be released in late June.

For Tokyo 2020, OCHA contributes to efficient procedures upon entry. Through daily health monitoring and reporting, it also supports measures to prevent the spread of infection, and monitoring of your health condition by your CLO.

You will need to download and install this app before you travel to Japan, to input daily health information after your arrival and some information required for quarantine, immigration and customs when entering Japan.

As a Games participant, to start using the app after downloading it you will need to input your OIAC/PIAC card number and password previously set on the Tokyo 2020 Infection Control Support System (ICON). Please confirm the OIAC/PIAC card number on the PVC sent separately, or confirm with your CLO.

Functions

Daily health reporting

You will need to input your daily body temperature (taken by a thermometer) and whether or not feel unwell from the date of entry to Japan until the date of departure. This information will be transferred to Tokyo 2020 ICON under strict data management, and monitored by each organisation's CLO and the responsible Functional Area in Tokyo 2020 to help prevent the spread of COVID-19.

Functions for consent, quarantine, immigration, customs procedure

When you enter Japan as a person involved in the Games, it is necessary that you clearly state that you will comply with the contents of Playbook and the 'Written Pledge' submitted by Tokyo 2020 to the Government of Japan. You will be asked to do so by submitting a consent form to Tokyo 2020 in OCHA.

In addition, you can enter quarantine, immigration, and customs information required at the time of entry to Japan. Once successfully entered, you will receive a QR code, which you will have to show to the relevant quarantine, immigration and customs officers. If you use OCHA for country entry, it is not necessary to fill in the 'Questionnaire web' and present the copy of 'Written Pledge'.

Languages

English, Japanese, French, Chinese (Simplified), Spanish and Korean.

SMARTPHONE APPLICATIONS (APPS)

Privacy policy and data protection

A privacy policy will be prepared in accordance with the rule of the Personal Information Protection Law in Japan, on the premise of giving consideration to the privacy of each person.

Download links

The app will be released in late June.

Contact Confirming App (COCOA)

Overview

The COCOA app enables you to receive notifications about the possibility of contact with someone infected with COVID-19, while ensuring anonymity for your privacy. The app was released in June 2020. It uses the short-range communication (Bluetooth) function on smartphones and the Exposure Notification framework developed by Google and Apple, adopted by many countries for a similar purpose.

You are not asked to enter your name, phone number, e-mail address or other information that could identify you. Information on close contact with other smartphones is encrypted and recorded only in your smartphone and

is automatically disabled after 14 days. Administrative agencies or third parties will not use or collect contact records or personal information.

You need to activate COCOA on arrival.

[Download more information about COCOA in English](#)

Languages

At the moment, Japanese, English and Chinese are supported.

Download links

Download COCOA using the following links:

SMARTPHONE APPLICATIONS (APPS)

GPS location information storage

In the event that an infection is found or for activity tracking/tracing, the GPS function of your smartphone (Android/iOS) will be used to save your location information, in order to support the contact tracing process. When entering Japan, please set the GPS function of your phone in accordance with the immigration procedure of the Government of Japan. This feature of your phone will only use a small amount of battery and a small amount of memory to store location information.

TOKYO 2020 INFECTION CONTROL SUPPORT SYSTEM (ICON)

Overview

The Tokyo 2020 Infection Control Support System (ICON) is a web-based tool introduced by Tokyo 2020 as a COVID-19 countermeasure, and is mainly used by the CLOs. However, all Games participants who use OCHA are required to set their password for OCHA in ICON (see below).

Each NOC/NPC's CLO(s) will be able to submit all documents required to enter Japan (for example, the Activity Plans of their delegation) to Tokyo 2020 using this system. It will also be used to check daily health reporting and reports of positive COVID-19 test results. Tokyo 2020 will provide CLOs with manuals that will help them understand the procedures for using ICON.

The functions related to immigration procedures will be released to support CLOs in the preparation of their teams' journeys. Other functions such as health reporting and reporting of positive cases will be released in late June.

Password for OCHA

To set a password for OCHA, go to the Tokyo 2020 ICON website and follow the instructions. On ICON, you will have to input your OIAC/PIAC card number, the document number of the document you used for registering your OIAC/PIAC card number (passport number, driver's license number, My Number card, residence card) and your date of birth and email address. In addition, it will be required to agree to the Tokyo 2020 ICON Terms of Use and Privacy Policy.

Languages

English, Japanese, (some parts will also be available in French, Chinese (Simplified)), Spanish and Korean

FREQUENTLY ASKED QUESTIONS ON SMARTPHONE APPLICATIONS

Q1. What about those without smartphones?

A1. All visitors to Japan are required to show a specific screen of OCHA installed in their smartphone both to airline staff at check-in and to Japanese quarantine authorities on arrival. In the exceptional case that you do not have a smartphone or cannot download OCHA on your smartphone, immediately contact Tokyo 2020. In those cases, Tokyo 2020 will send you the written pledge separately and assist you so that you can rent a smartphone at the airport. Your NOC/NPC will be given more details regarding procedure. All athletes will receive a smartphone at the Olympic and Paralympic Village.

Q2. I am already using a contact tracing app in my base country. Do I also need to install COCOA?

And if so, how do I switch to COCOA?

A2. Yes, the Government of Japan requires you to install COCOA. If you already have a contact tracing app installed that uses the Exposure Notification (EN) framework of Apple and Google, you will need to turn it off before COCOA will work.

Q3. If I am notified by an app that I was in contact with an infected person, what do I do?

A3. Let your CLO know immediately. They will tell you the next measures to take.

Q4. When should I start reporting my health status using OCHA?

A4. Please input your health information just after you enter Japan.

Q5. When should I start to use OCHA if I am already in Japan at the time of the release of OCHA? Is it necessary if I have been in Japan for more than 14 days?

A5. If you're a resident of Japan or have been in Japan for more than 14 days, start recording your daily health information on OCHA 14 days before your Games-related role begins. For more information, refer to 'At the Games - Residents of Japan', page 27.

Q6. What if I cannot download the specified app?

A6. For countries where the app cannot be downloaded, contact your CLO for help.

Q7. Can I install/transfer the apps onto a second Japanese phone after arrival (for example, a rate card phone or an athlete phone)? How?

A7. Yes, you can. After installing OCHA on the second smartphone, you can log in with your OIAC/PIAC number and password. If you have changed the device, some data such as health information will be transferred. Please also note that you will not be able to use it on your old device.

Q8. Will people with disabilities be able to use the apps?

A8. Yes, you will be able to use OCHA using the voice read-aloud function on iOS/Android OS.

VACCINES

Vaccination efforts for Games participants are being coordinated by the IOC and IPC, in line with national immunisation priorities established by respective governments.

Focused first on athletes and those who will be in frequent contact with athletes, vaccinations give us an extra tool to help make these Games safe – for all participants and the people of Tokyo and Japan.

As a result of collaboration and generous donations, more than 80 per cent of Olympic and Paralympic Village residents will be vaccinated ahead of the Games. The level of vaccination among other participants is also expected to be high.

Please note: While we encourage everyone coming to Tokyo to get vaccinated if this is possible in line with the national immunisation guidelines of your country, you will not be required to have received a vaccine in order to participate in the Games.

All of the rules outlined in this Playbook will apply whether or not you have received a vaccine.

COMPLIANCE AND CONSEQUENCES

The measures documented in this Playbook have been established based on latest scientific evidence, expert advice and lessons from other international events. We draw to your attention that risks and impacts may not be fully eliminated and that you agree to attend the Olympic and Paralympic Games at your own risk. We trust that these measures are proportionate to mitigate the above-mentioned risks and impacts and we fully count on your support to comply with them.

As part of the accreditation process and related documents for the Olympic and Paralympic Games, your organisation will bring some information relating to these measures to your attention: in particular, that compliance with the rules of the Playbook is necessary in order for you to be granted your accreditation and maintain it; and that, in some cases, these measures may also involve the processing of your personal information, including health-related information. In light of the above, we count on you to ensure that you have read carefully and understood the content of this Playbook (including any further updates there to) and abide by the rules contained therein, as well as with any further instructions that may be issued by the Japanese authorities, the IOC, the IPC, Tokyo 2020 and/or your organisation. Your compliance with such rules and

instructions is key to successfully achieve our common objective: to ensure that the health of all the participants in the Olympic and Paralympic Games are protected, and that the Games are safely staged.

Non-respect of the Playbook

Non-respect of the rules contained in this Playbook may expose you to consequences that may have an impact on your participation in the Olympic and Paralympic Games, your access to Games venues and, in some cases, on your participation in competitions. Failure to comply with these rules, such as refusal to take a test, going to destinations not included in your Activity Plan or intentionally disrespecting mask wearing or physical distancing measures, may result in disciplinary consequences. These disciplinary consequences may be imposed by the competent Japanese authorities, the IOC (for the Olympic Games), IPC (for the Paralympic Games) and/or your organisation in accordance with their respective rules and regulations.

In case of an infringement of any rules contained in this Playbook on the occasion of the Olympic Games and without limiting the consequences or sanctions imposed

by your organisation or other competent authorities or entities, you may be exposed to the following non-exhaustive range of potential consequences in accordance with the Olympic Charter:

- Warning(s)
- Temporary or permanent withdrawal of your accreditation
- Temporary or permanent ineligibility or exclusion from the Games (with the consequences set forth in the Olympic Charter)
- Disqualification (with the consequences set forth in the Olympic Charter)
- Financial sanctions

Such consequences may be imposed upon you in accordance with the procedure described in the [Playbooks Disciplinary Regulations applicable to the Games](#) established by the IOC.

COMPLIANCE AND CONSEQUENCES

In case of an infringement of any rules contained in this Playbook on the occasion of the Paralympic Games and without limiting the consequences or sanctions imposed by your organisation or other competent authorities or entities, you may be exposed to the following non-exhaustive range of potential consequences:

- Warning(s)
- Temporary or permanent withdrawal of your accreditation
- Temporary or permanent ineligibility or exclusion from the Paralympic Games
- Disqualification
- Financial sanctions

Your organisation may have enacted regulations, such as codes of conduct or specific rules in connection with COVID-19, that may contain similar and/or additional rules than those contained in the Playbook. In the event of a breach of any such rules, the consequences and related sanctions are under the authority of your organisation in accordance with the aforementioned regulations and may therefore apply to you.

Your International Federation may have enacted specific regulations which may contain consequences

in connection with COVID-19 for your sport/discipline/event and therefore apply to you and/or your team. Kindly note that, in the event there are discrepancies between such regulations and this Playbook, the latter will prevail.

Please be aware that some of the measures described in this Playbook, such as those related to the entry into and departure from Japan, are under the jurisdiction of the Japanese authorities. While you would need to comply with the instructions of such authorities (especially quarantine or isolation) and more generally any applicable laws and regulations in Japan, there may be consequences imposed upon you in the event of a breach of these measures or instructions, such as being subject to strict administrative measures including procedures for revocation of your permit of stay in Japan, in addition to potential quarantine or isolation measures that may be imposed upon you.

In the event you have questions about the non-respect of this Playbook, you can speak to your CLO in the first instance, who will determine the appropriate next steps. CLOs will receive further information and support on situations of non-respect of the Playbooks.
